

WHAT ARE YOU THINKING?

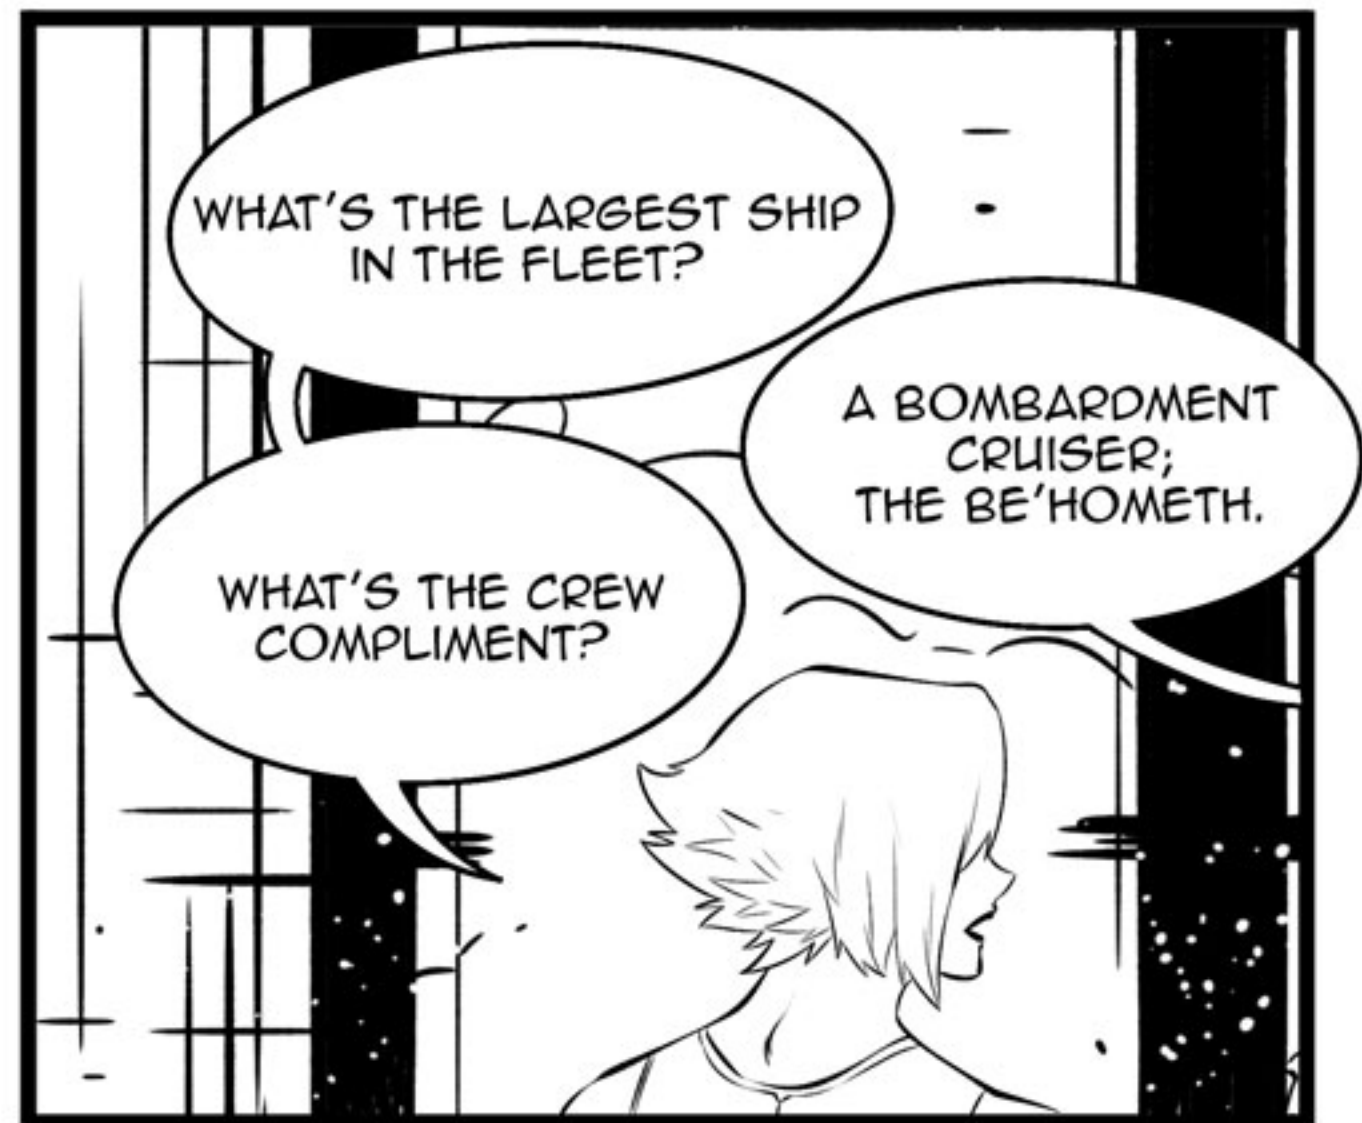

IS THERE SOME OLD LAW,  
SOME FAILSAFE?  
SOMETHING SIMILAR  
TO DECIMATION?

THE DECIMATION PROTOCOL  
HAS BEEN COMPLETELY OVERHAULED  
SINCE YOUR STUNT ON EARTH.  
THERE IS NO QUICK WAY  
TO END THIS CIVIL WAR.

I TAKE IT THE IMMEDIATE ISSUE  
IS LACK OF MATERIAL RESOURCES?

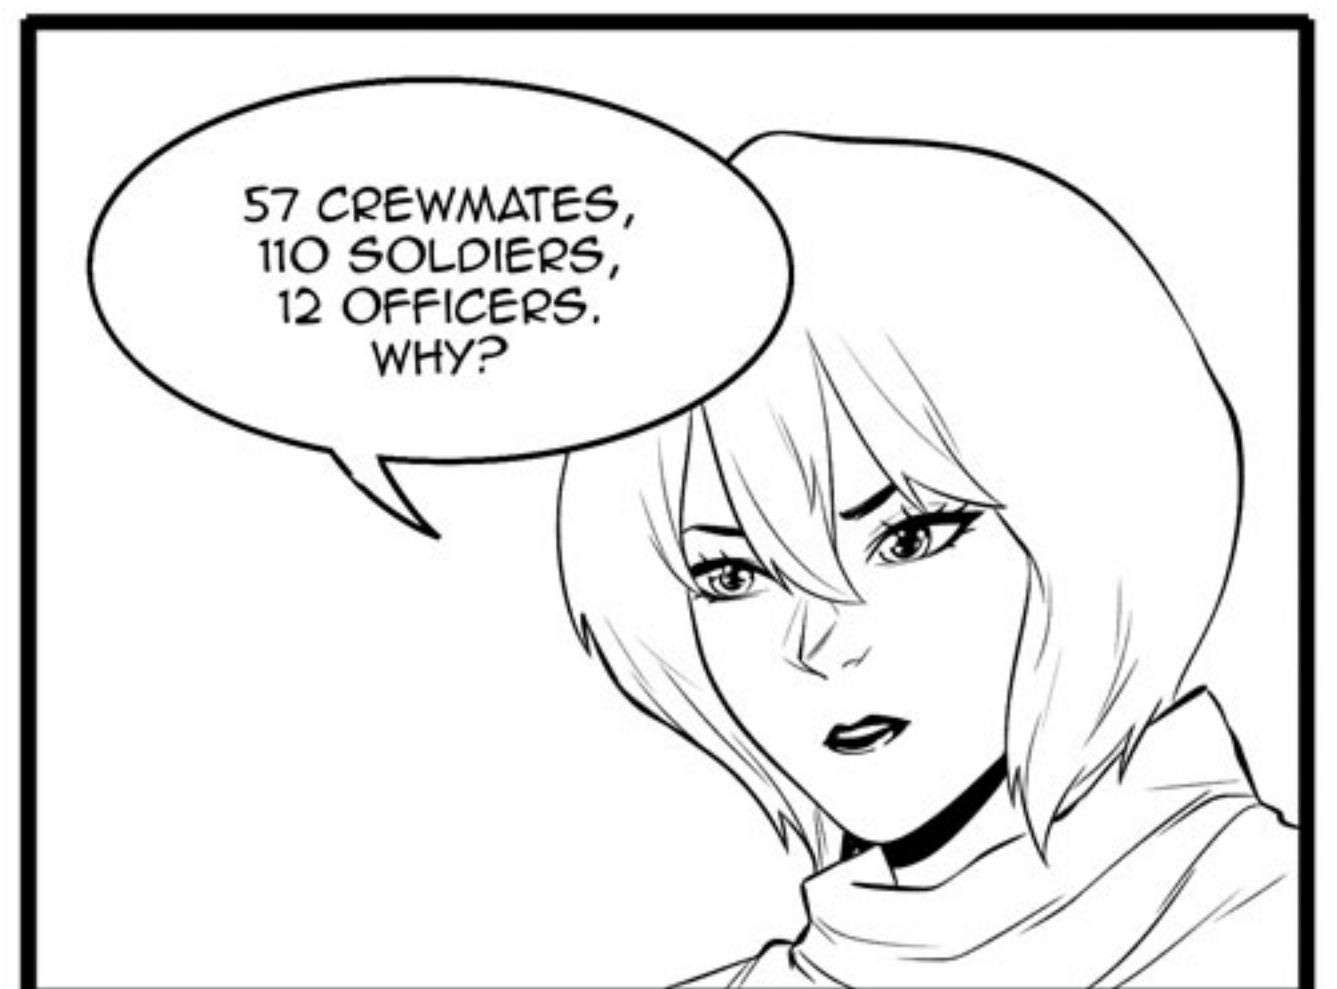

WE HAVE FIVE FAC'S,  
AND A LIGHT FRIGATE.  
EVERY TIME WE MOVE,  
WE HAVE TO BREAK DOWN  
THE TEMP SHELTERS.

WHAT'S THE LARGEST SHIP  
IN THE FLEET?

A BOMBARDMENT  
CRUISER;  
THE BE'HOMEH.

WHAT'S THE CREW  
COMPLIMENT?

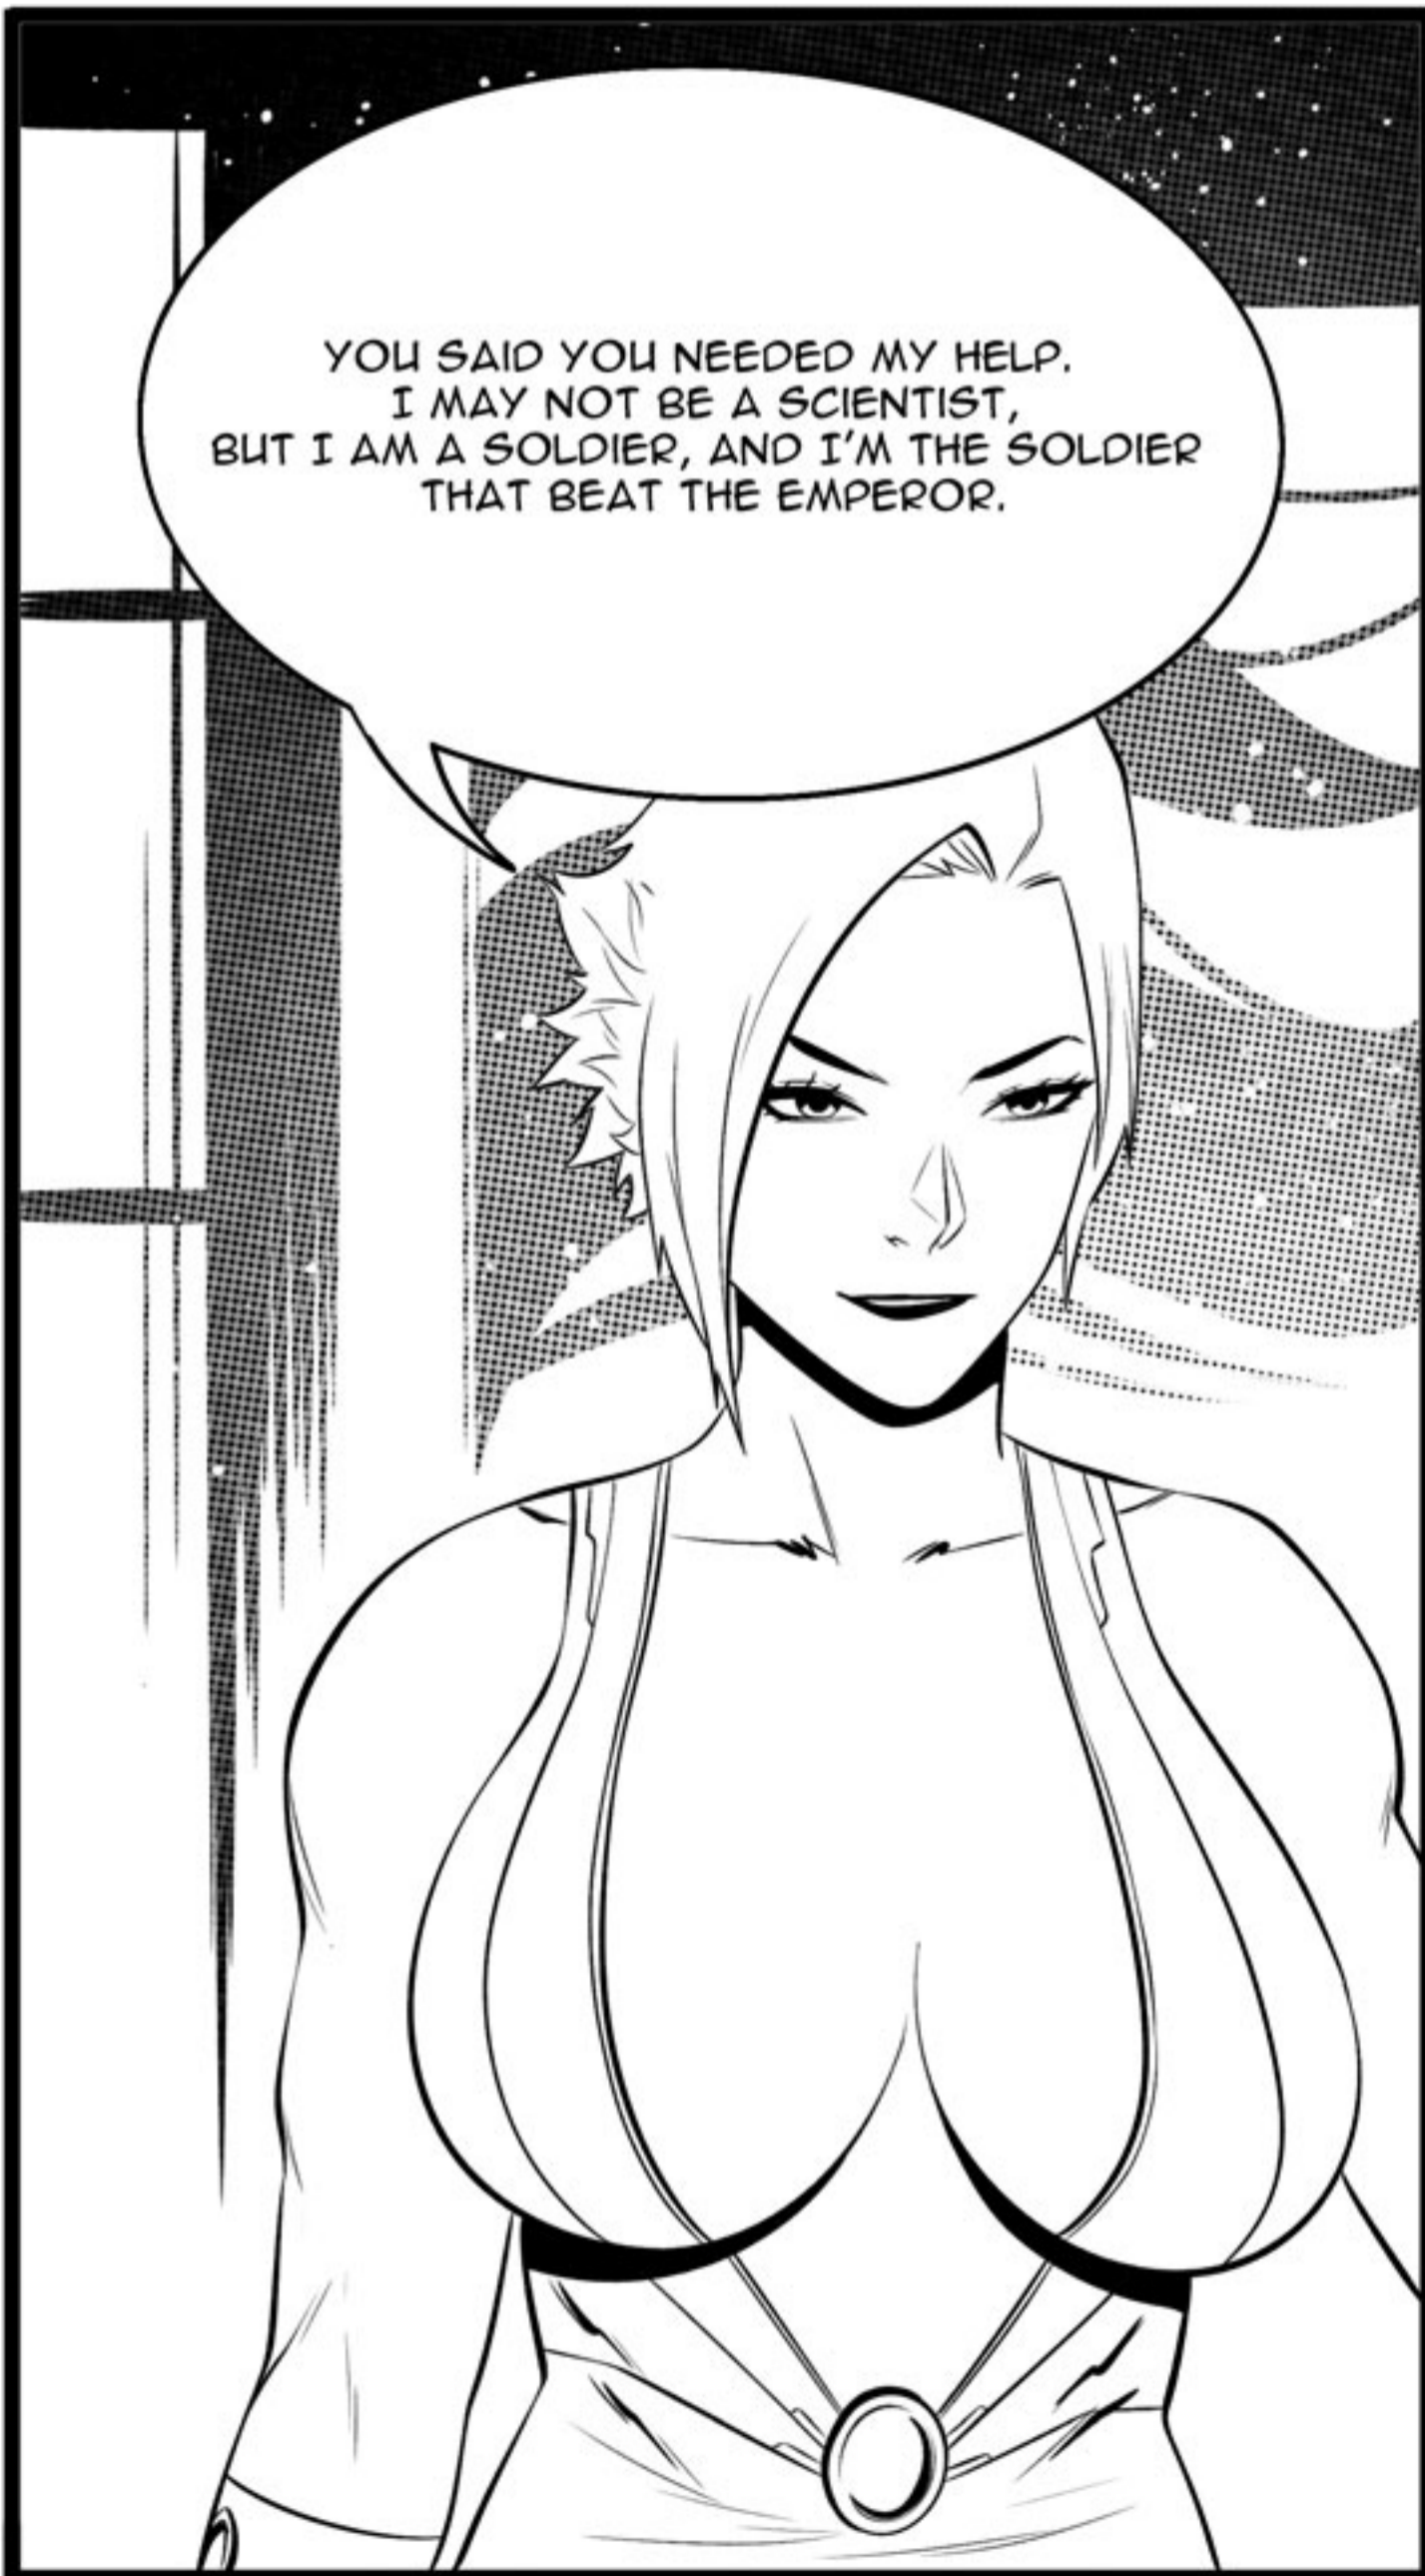

57 CREWMATES,  
110 SOLDIERS,  
12 OFFICERS.  
WHY?

GET YOUR CREW READY;  
WE'RE GOING TO TAKE  
THE BE'HOMETH.

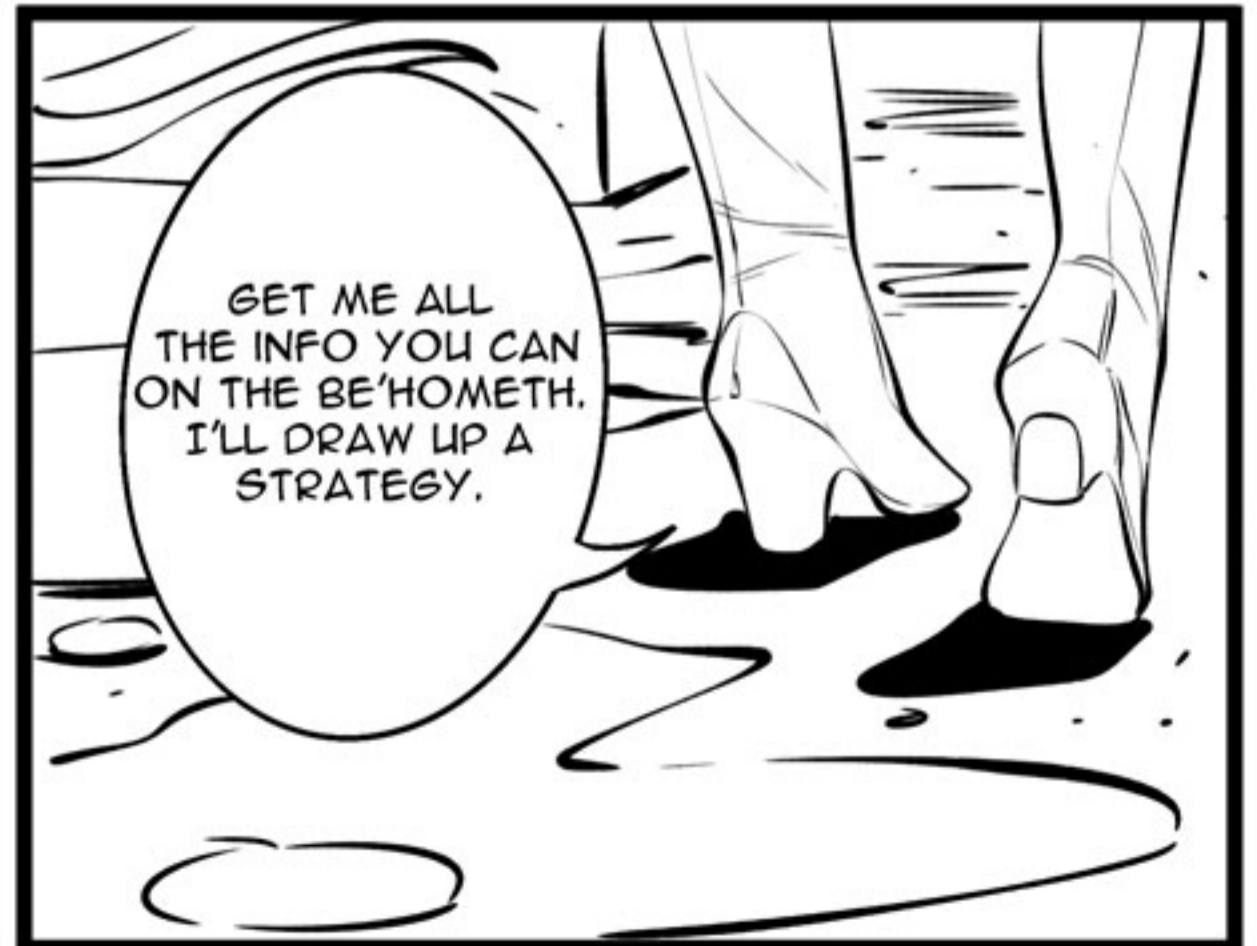

ARE YOU MAD?!?!  
WE'RE OUTNUMBERED  
AS-IS.

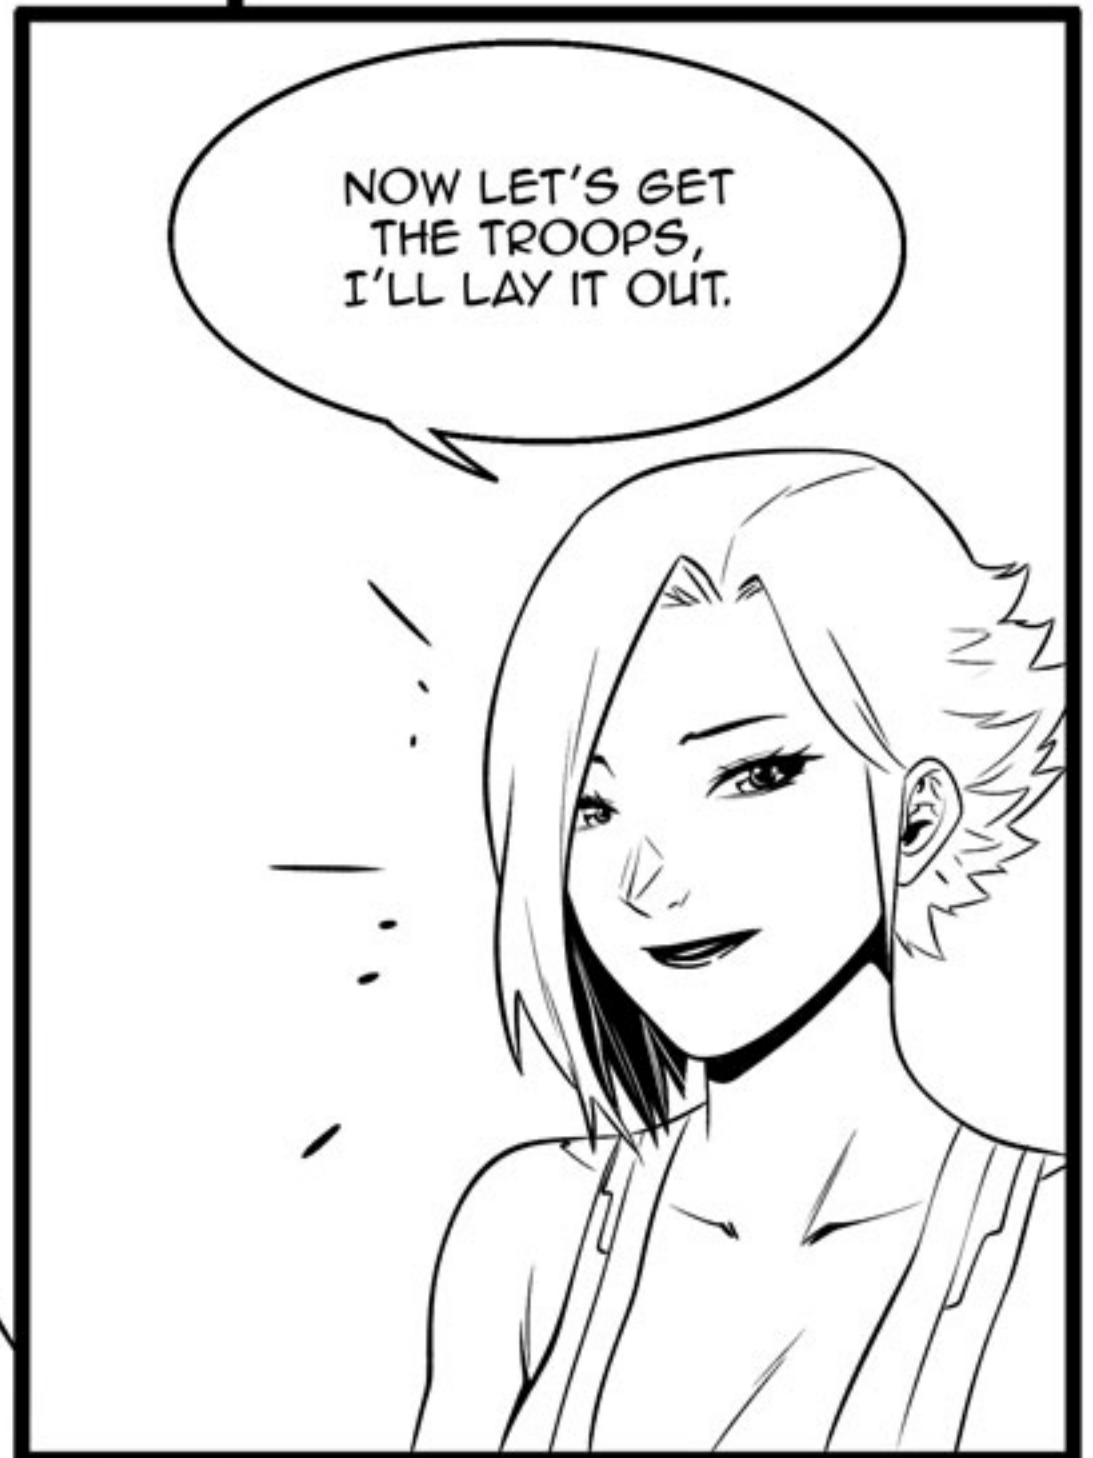

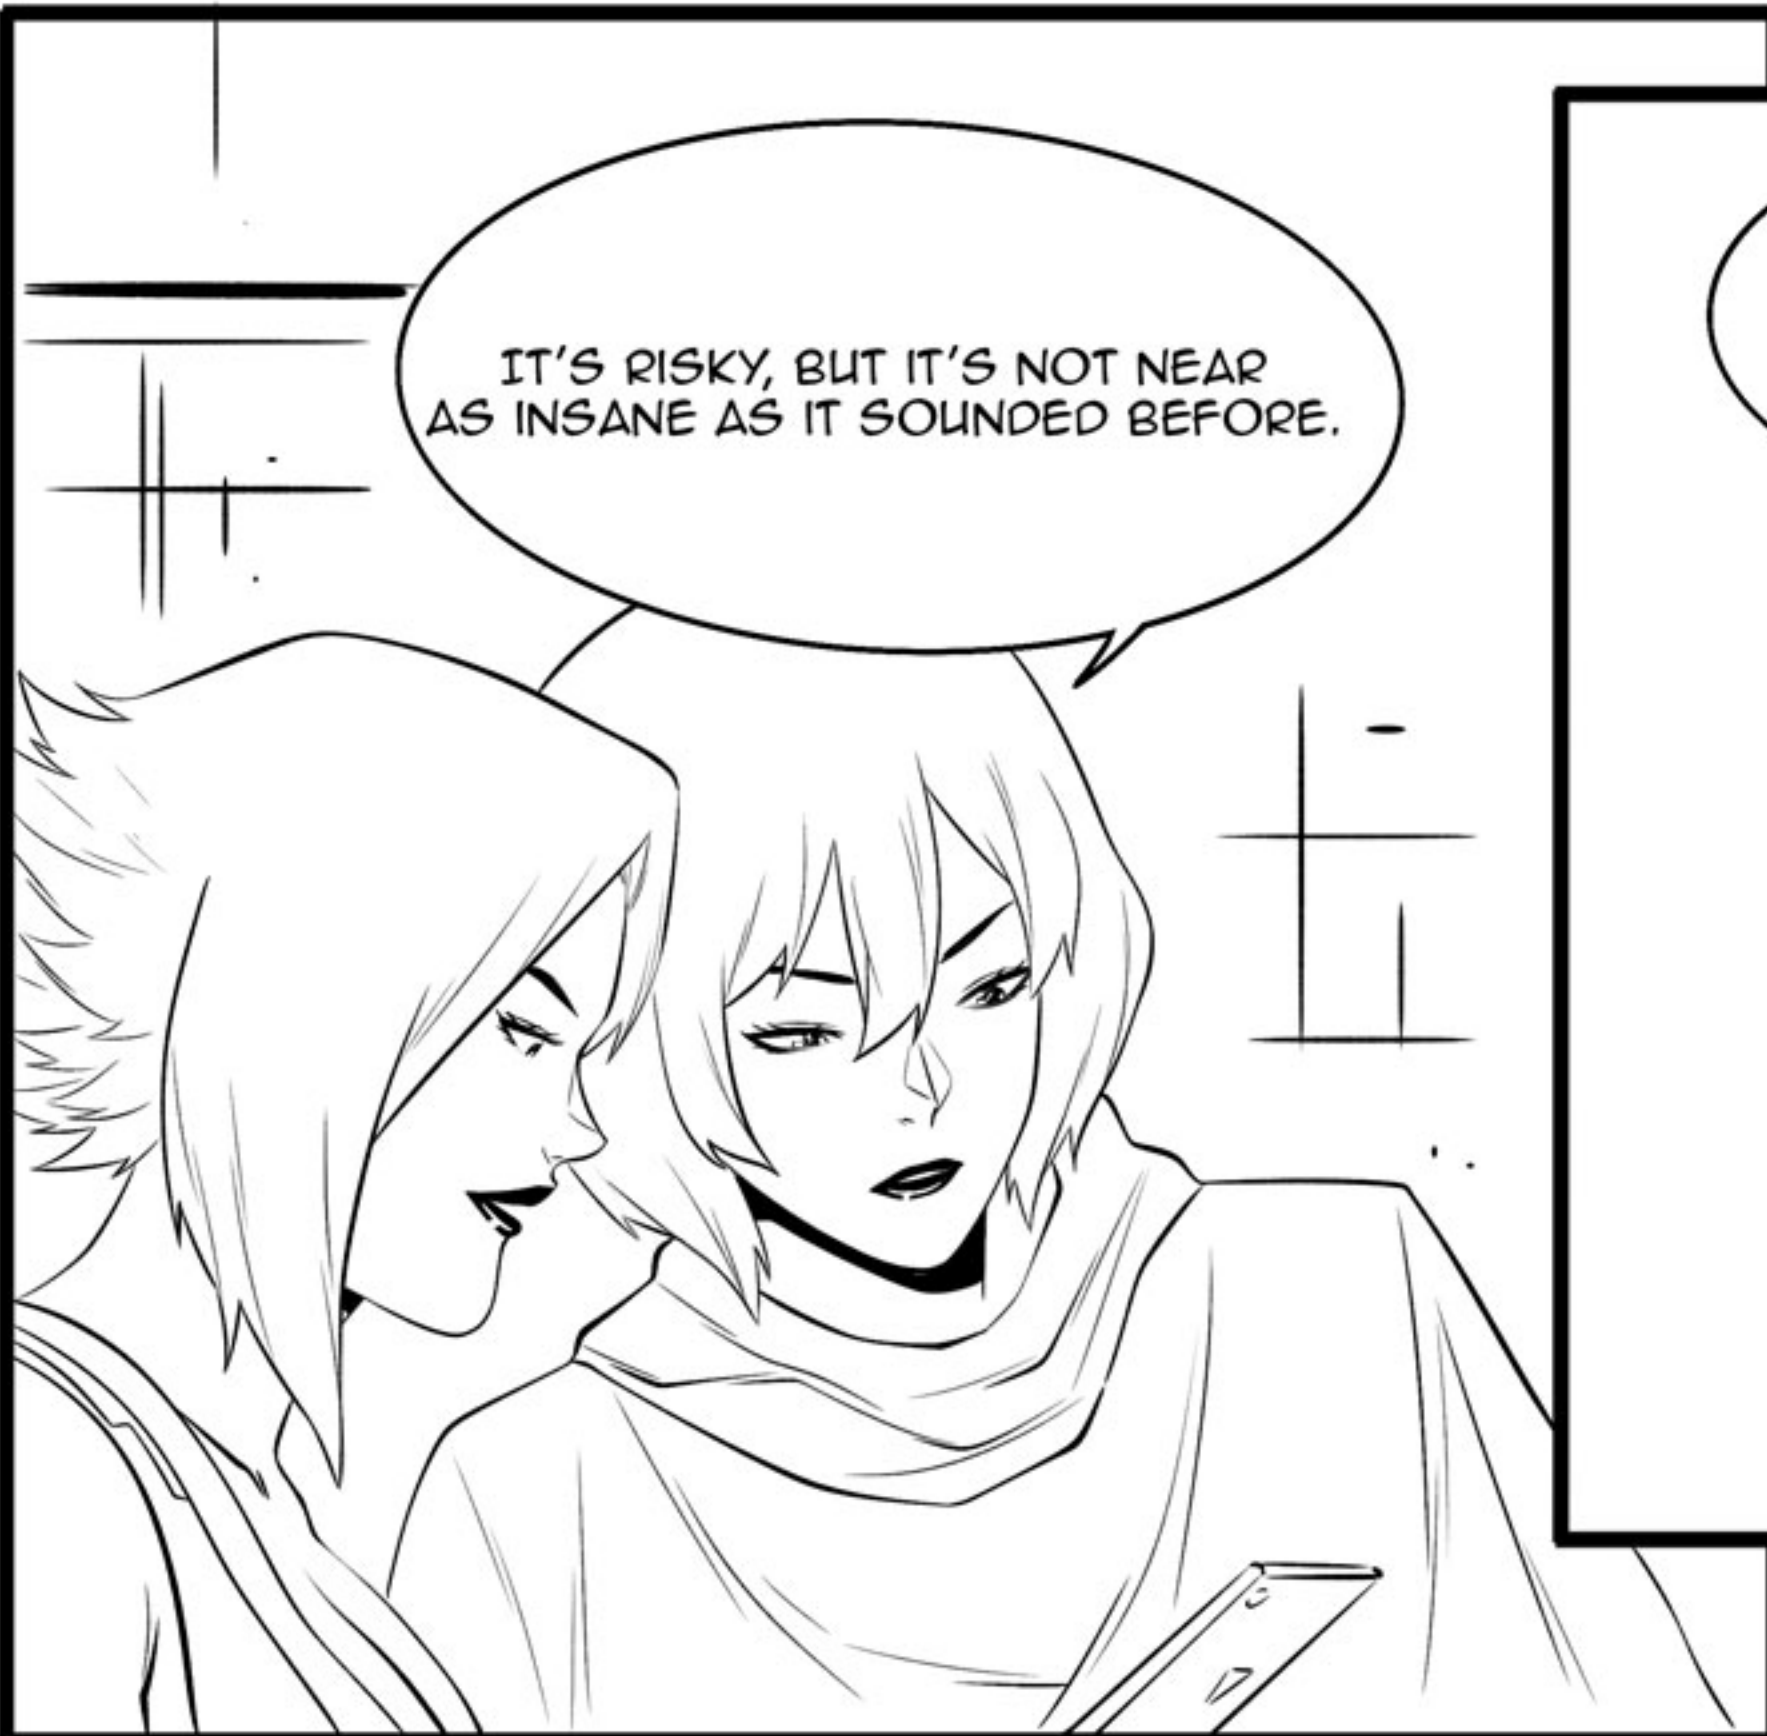

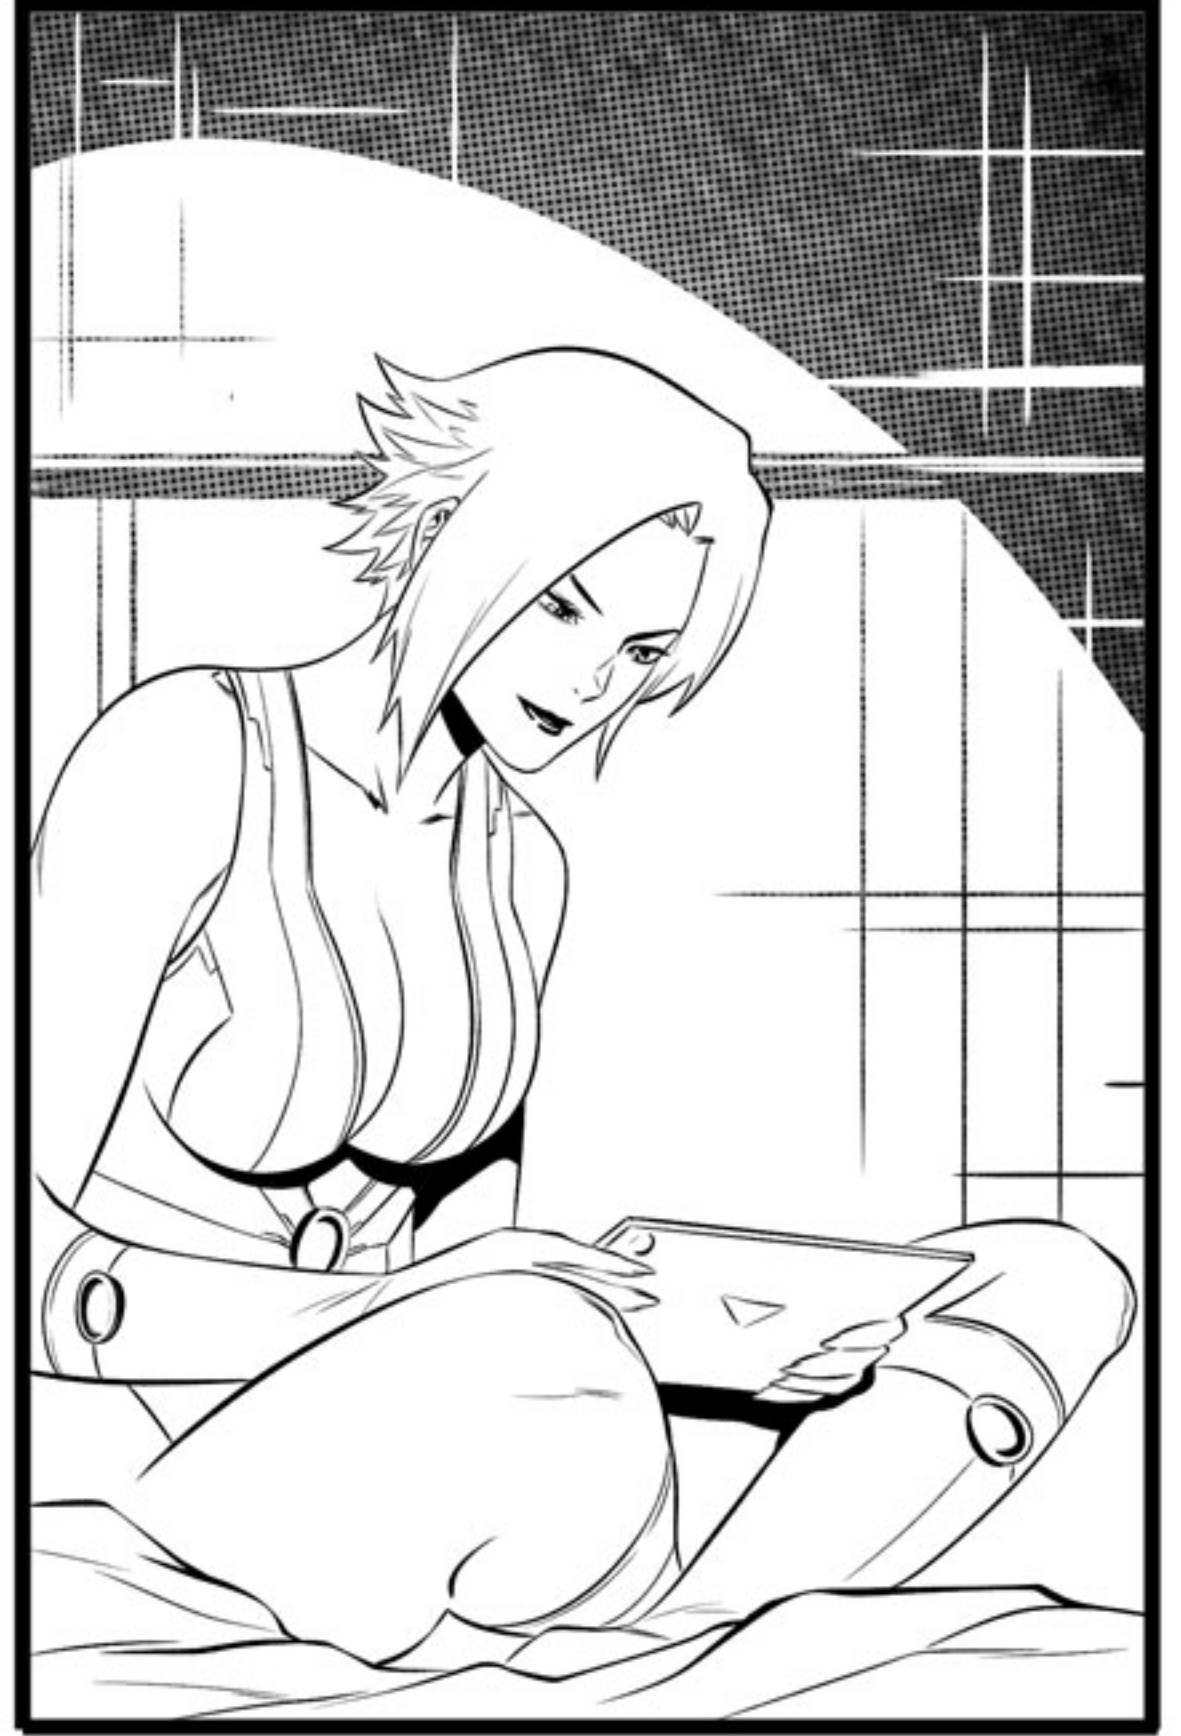

YOU SAID YOU NEEDED MY HELP.  
I MAY NOT BE A SCIENTIST,  
BUT I AM A SOLDIER, AND I'M THE SOLDIER  
THAT BEAT THE EMPEROR.

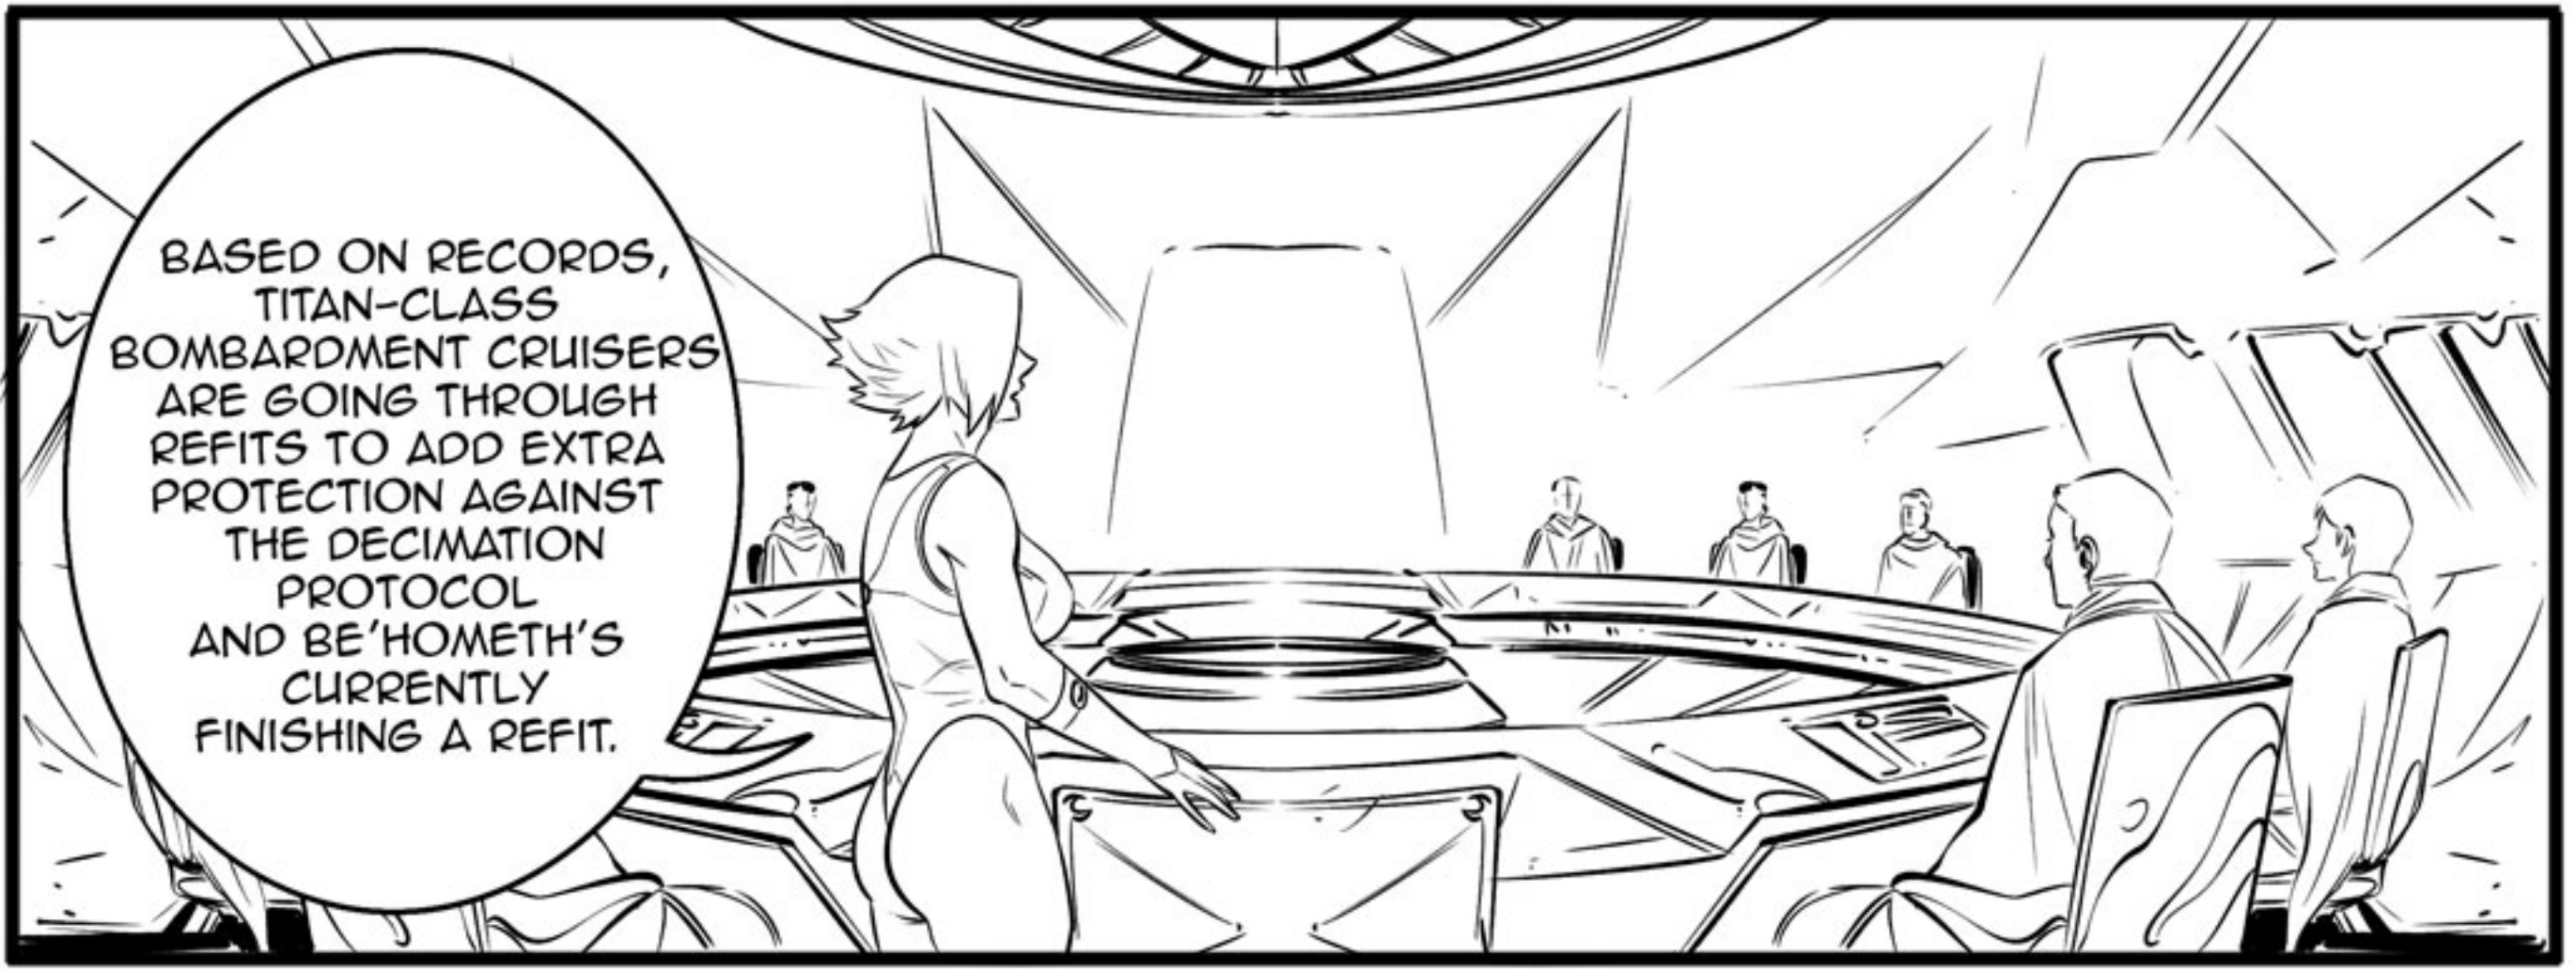

.. THIS IS IMPOSSIBLE.  
ALRIGHT, BUT ONLY BECAUSE  
THE MAJORITY OF THE REBELS WERE  
FROM THE SCRIBE CASTE.

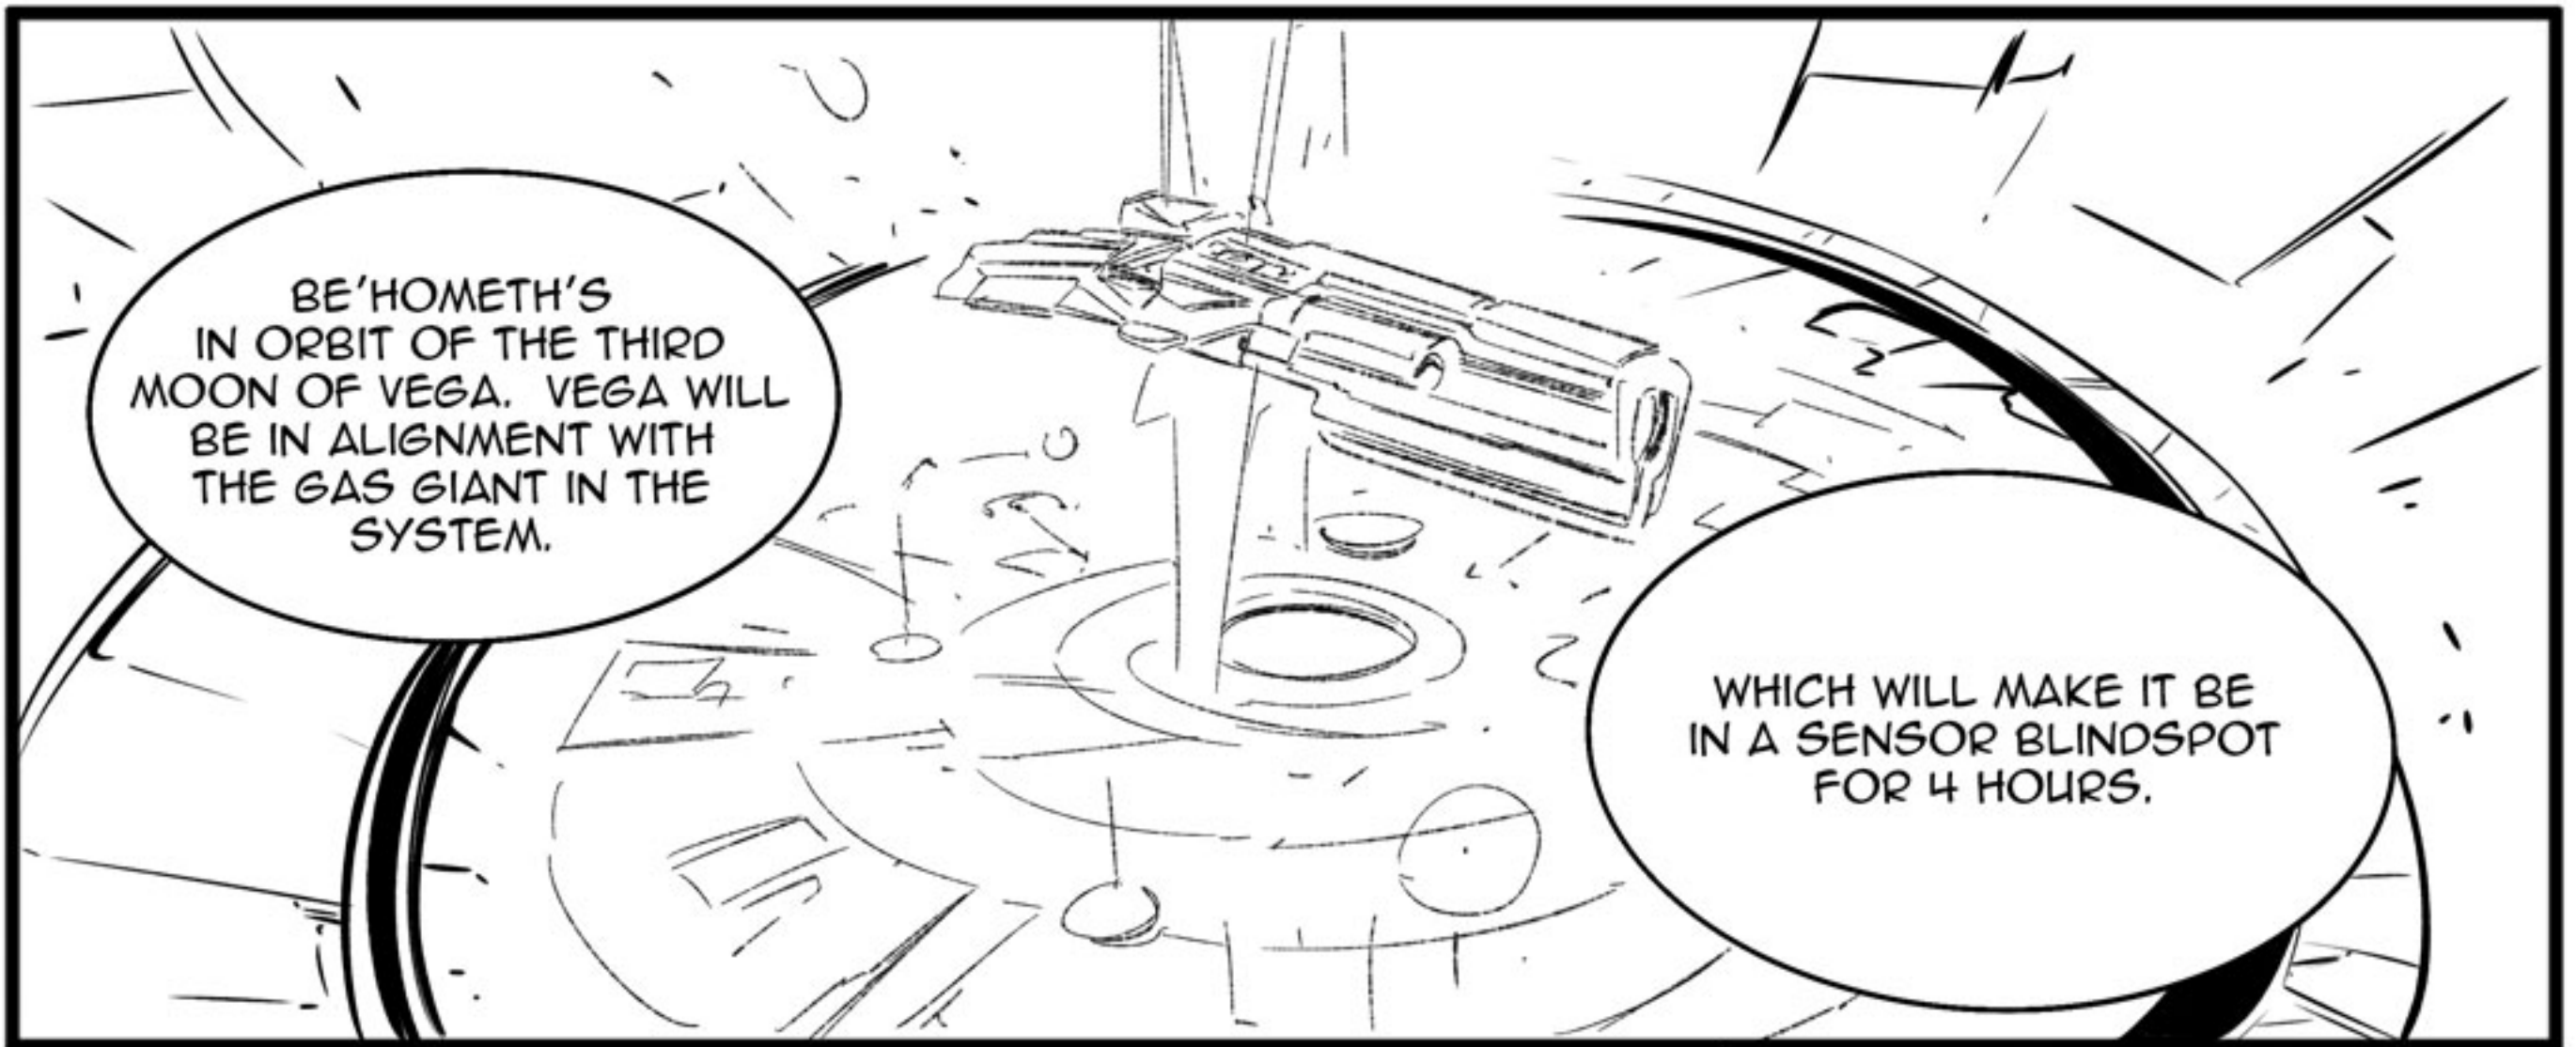

GET ME ALL  
THE INFO YOU CAN  
ON THE BE'HOMETH.  
I'LL DRAW UP A  
STRATEGY.

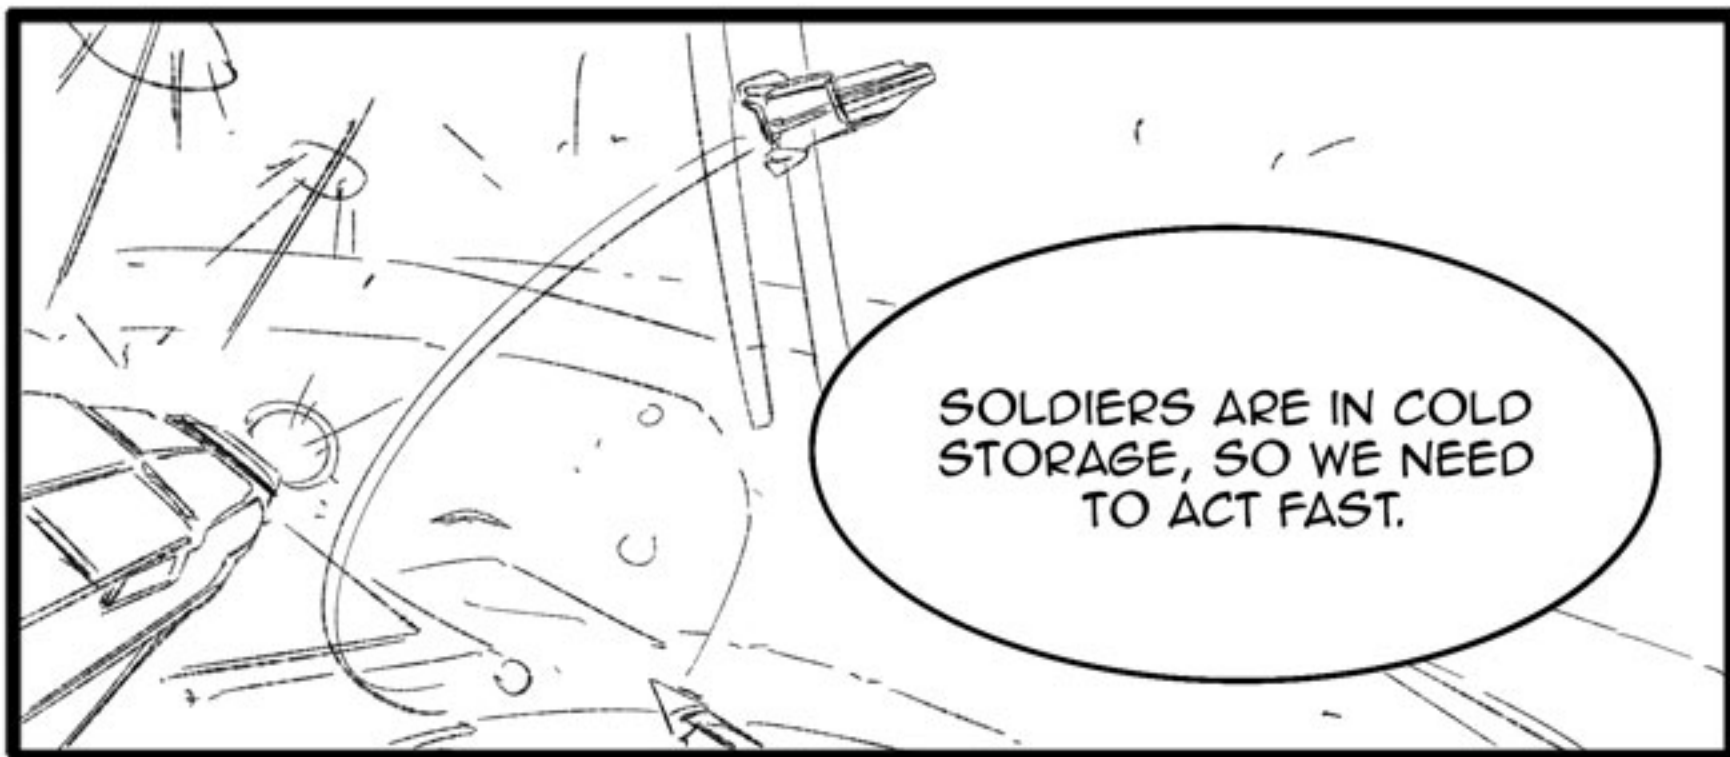

BASED ON RECORDS, TITAN-CLASS BOMBARDMENT CRUISERS ARE GOING THROUGH REFITS TO ADD EXTRA PROTECTION AGAINST THE DECIMATION PROTOCOL AND BE'HOMETH'S CURRENTLY FINISHING A REFIT.

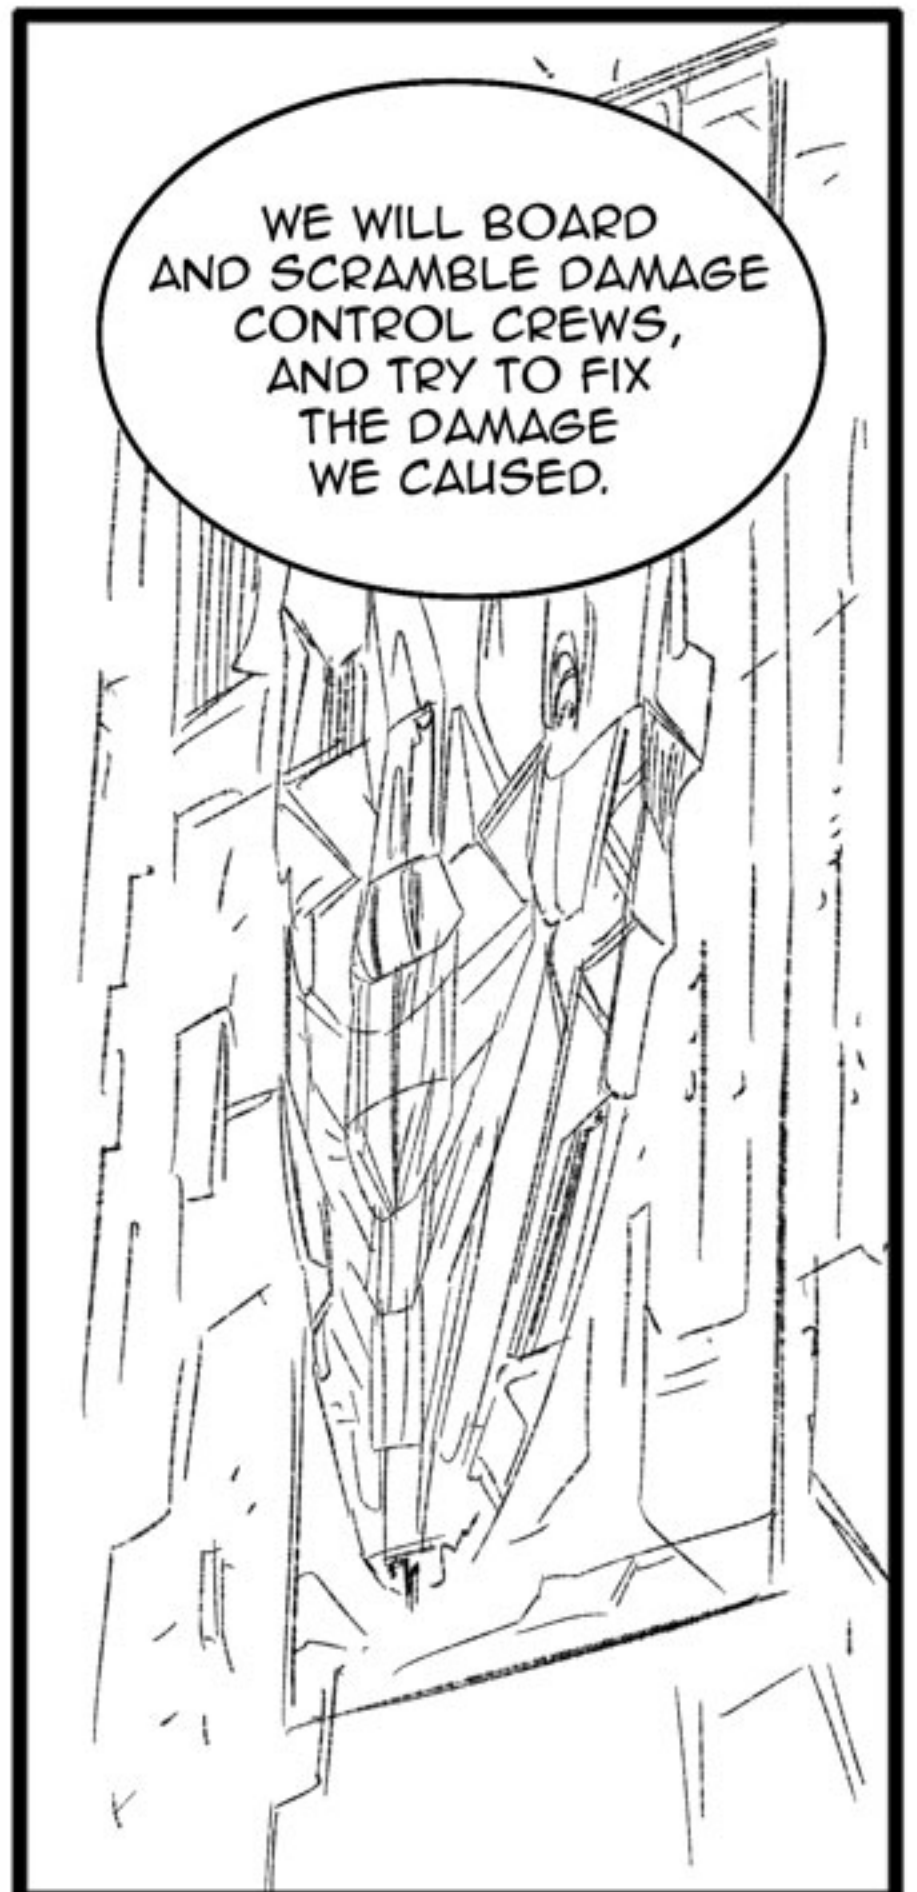

BE'HOMETH'S IN ORBIT OF THE THIRD MOON OF VEGA. VEGA WILL BE IN ALIGNMENT WITH THE GAS GIANT IN THE SYSTEM.

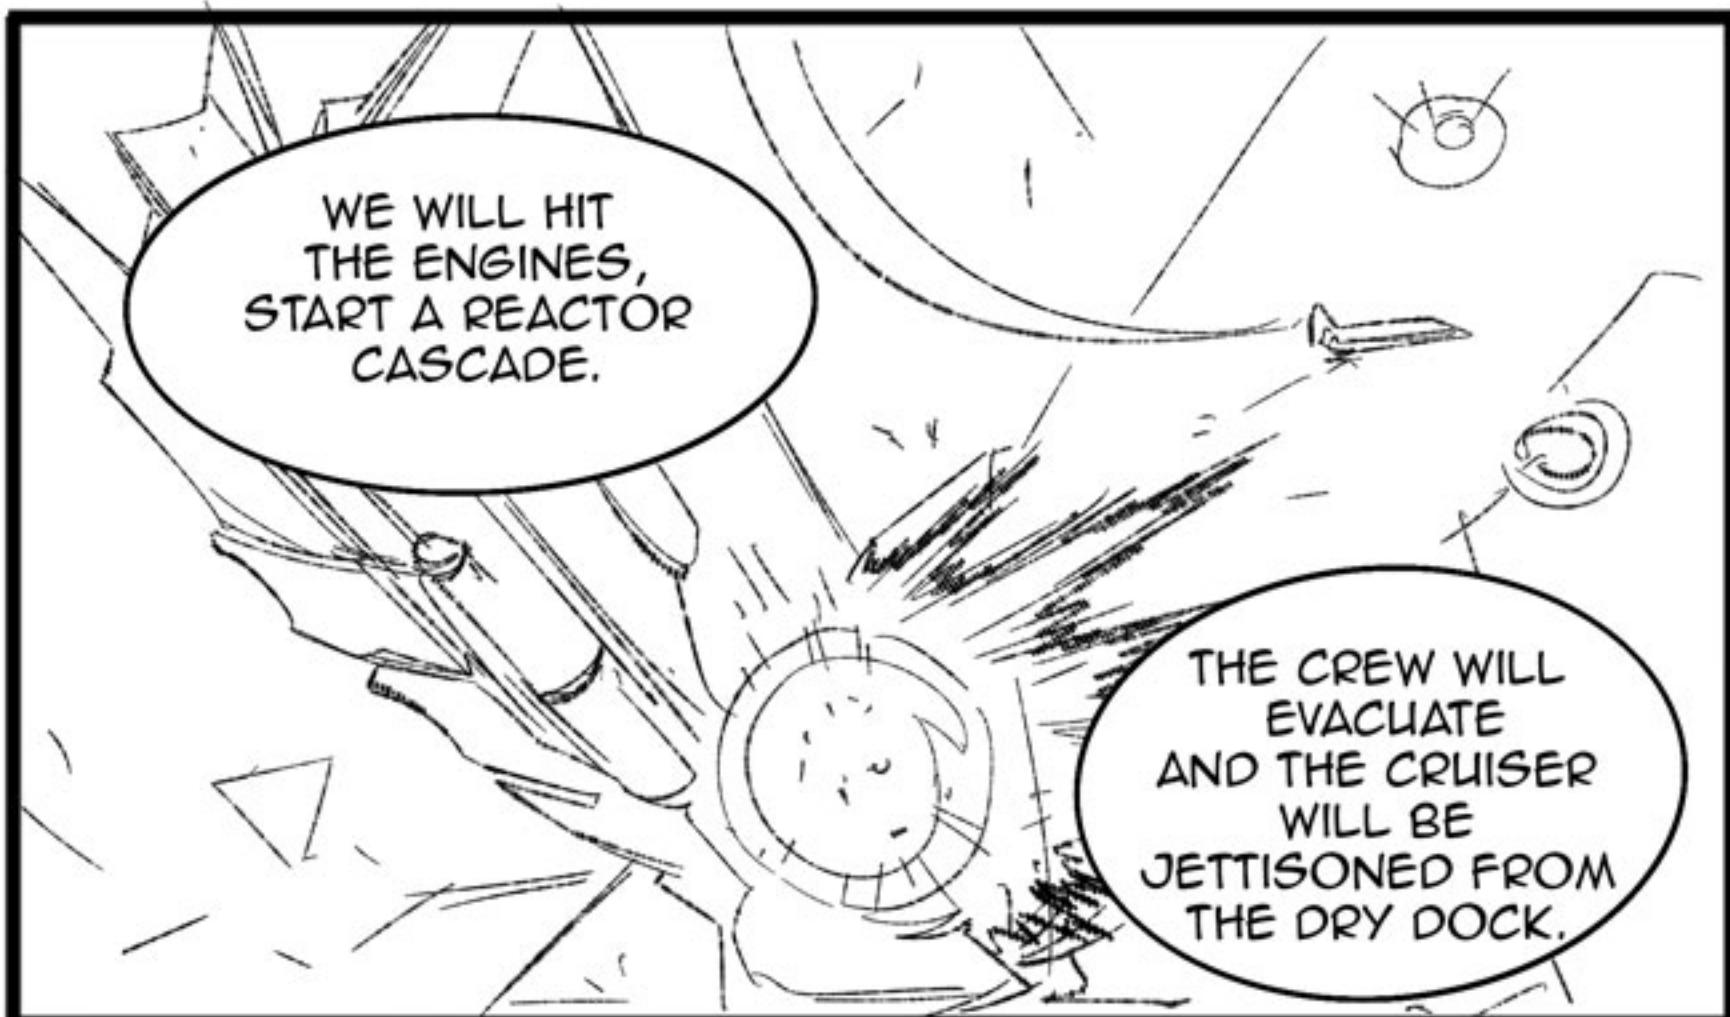

WHICH WILL MAKE IT BE IN A SENSOR BLINDSPOT FOR 4 HOURS.

SOLDIERS ARE IN COLD STORAGE, SO WE NEED TO ACT FAST.

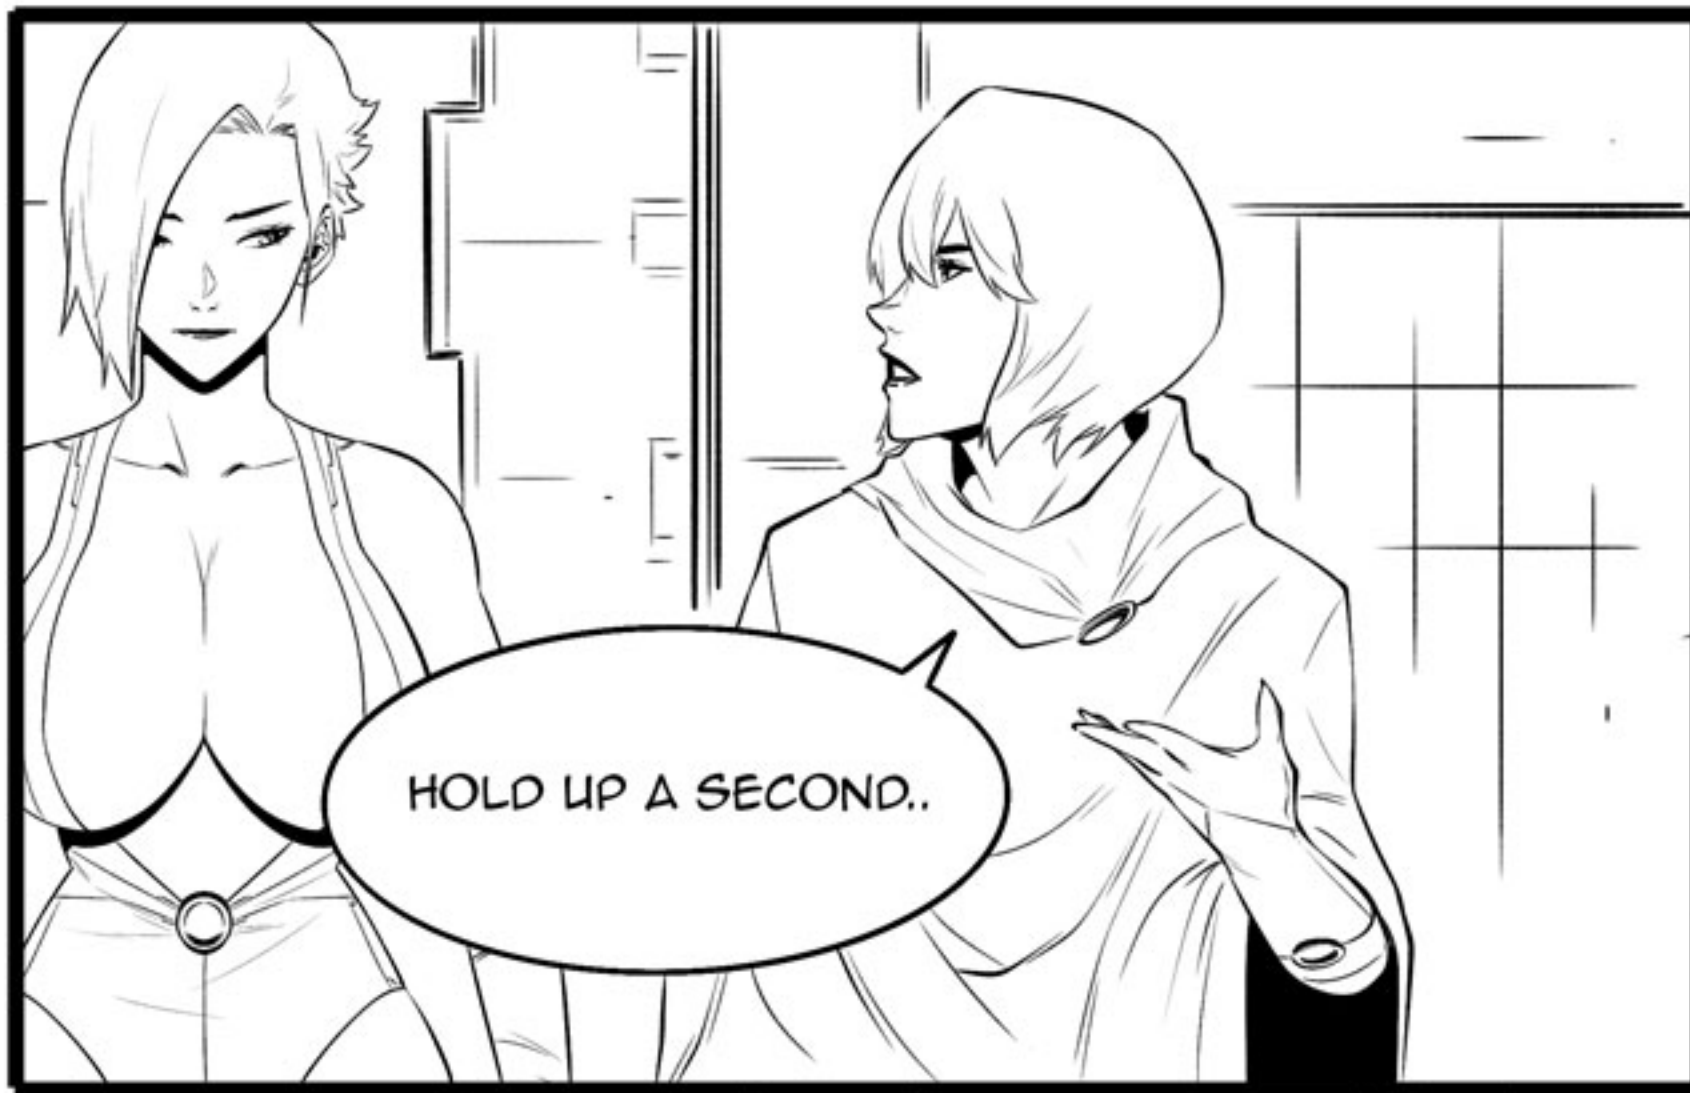

WE WILL BOARD AND SCRAMBLE DAMAGE CONTROL CREWS, AND TRY TO FIX THE DAMAGE WE CAUSED.

WE WILL HIT THE ENGINES, START A REACTOR CASCADE.

THE CREW WILL EVACUATE AND THE CRUISER WILL BE JETTISONED FROM THE DRY DOCK.

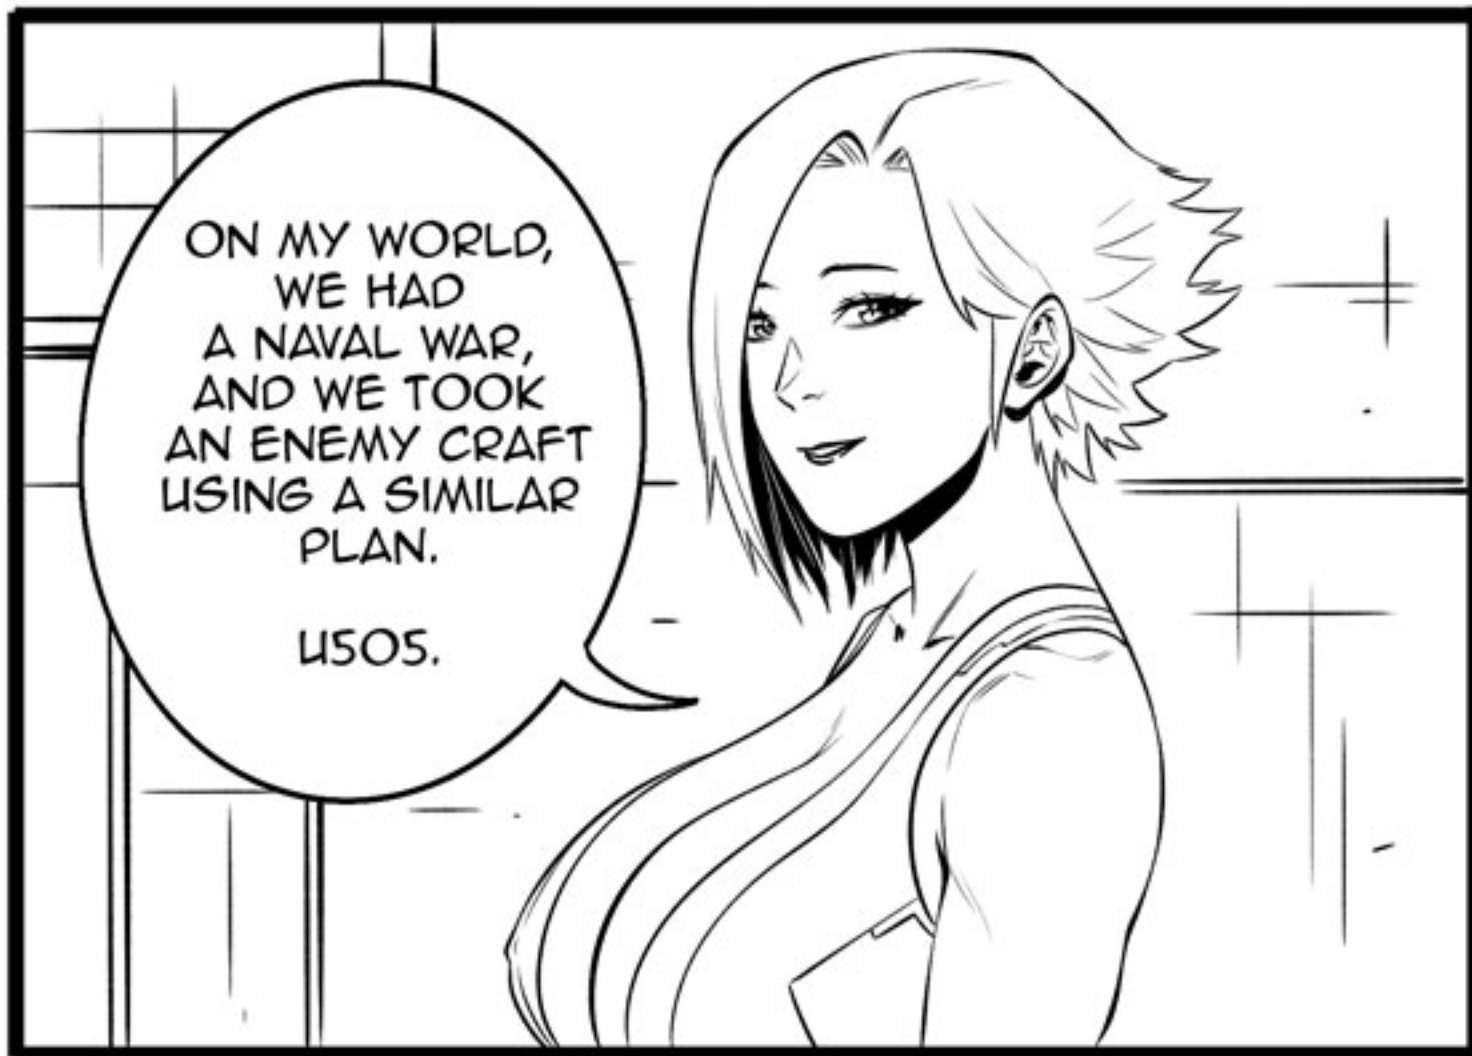

HOLD UP A SECOND..

THIS PLAN...  
IT'S FROM  
SOMEWHERE ELSE?

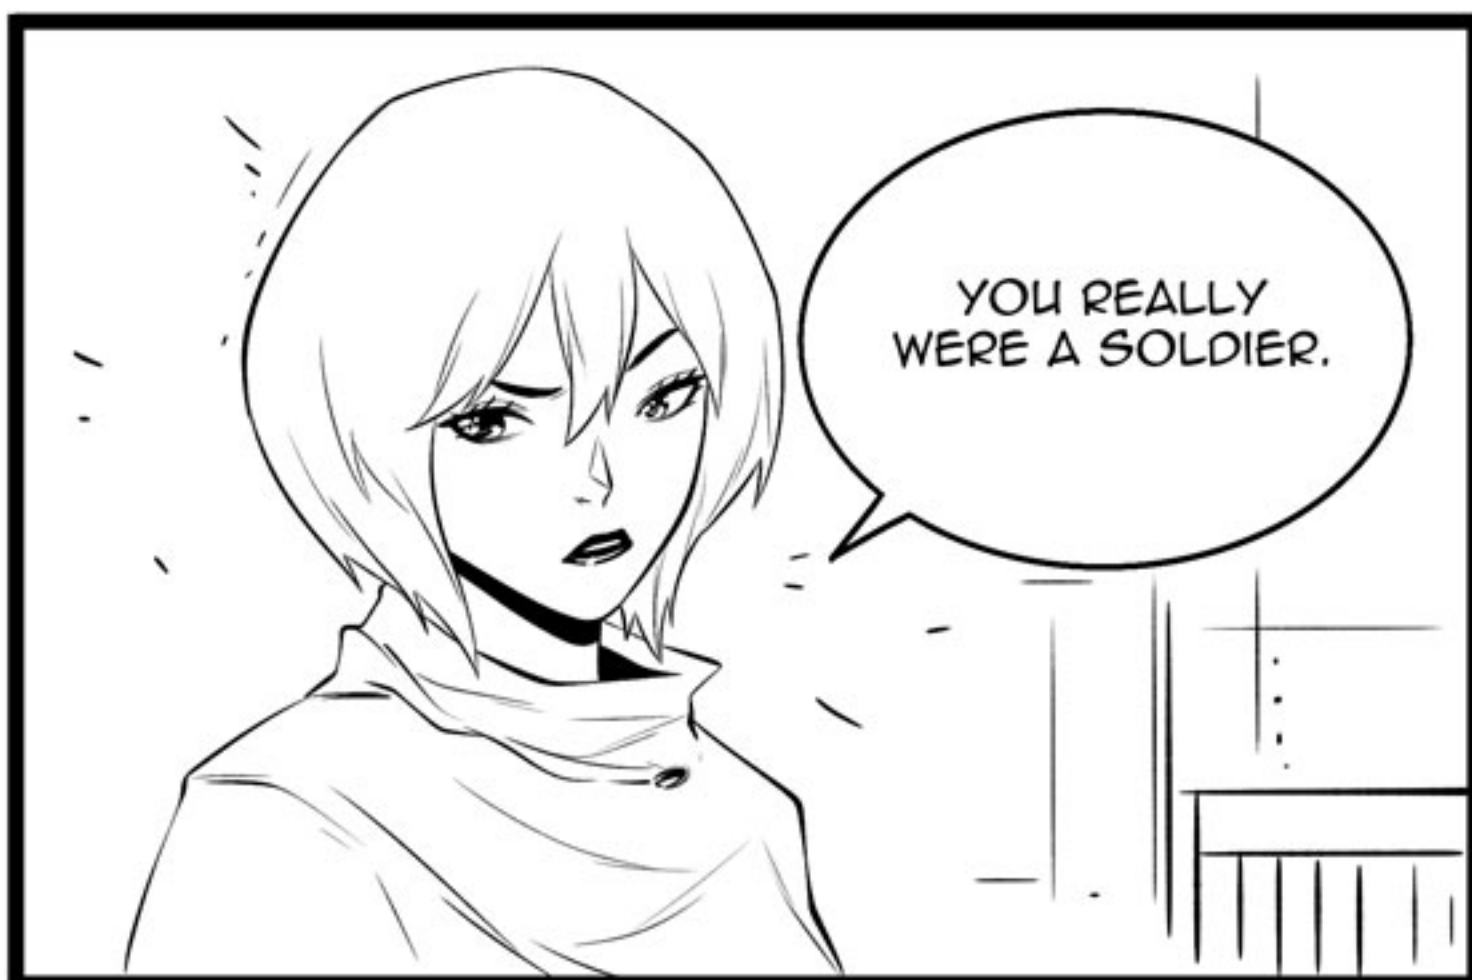

YES?

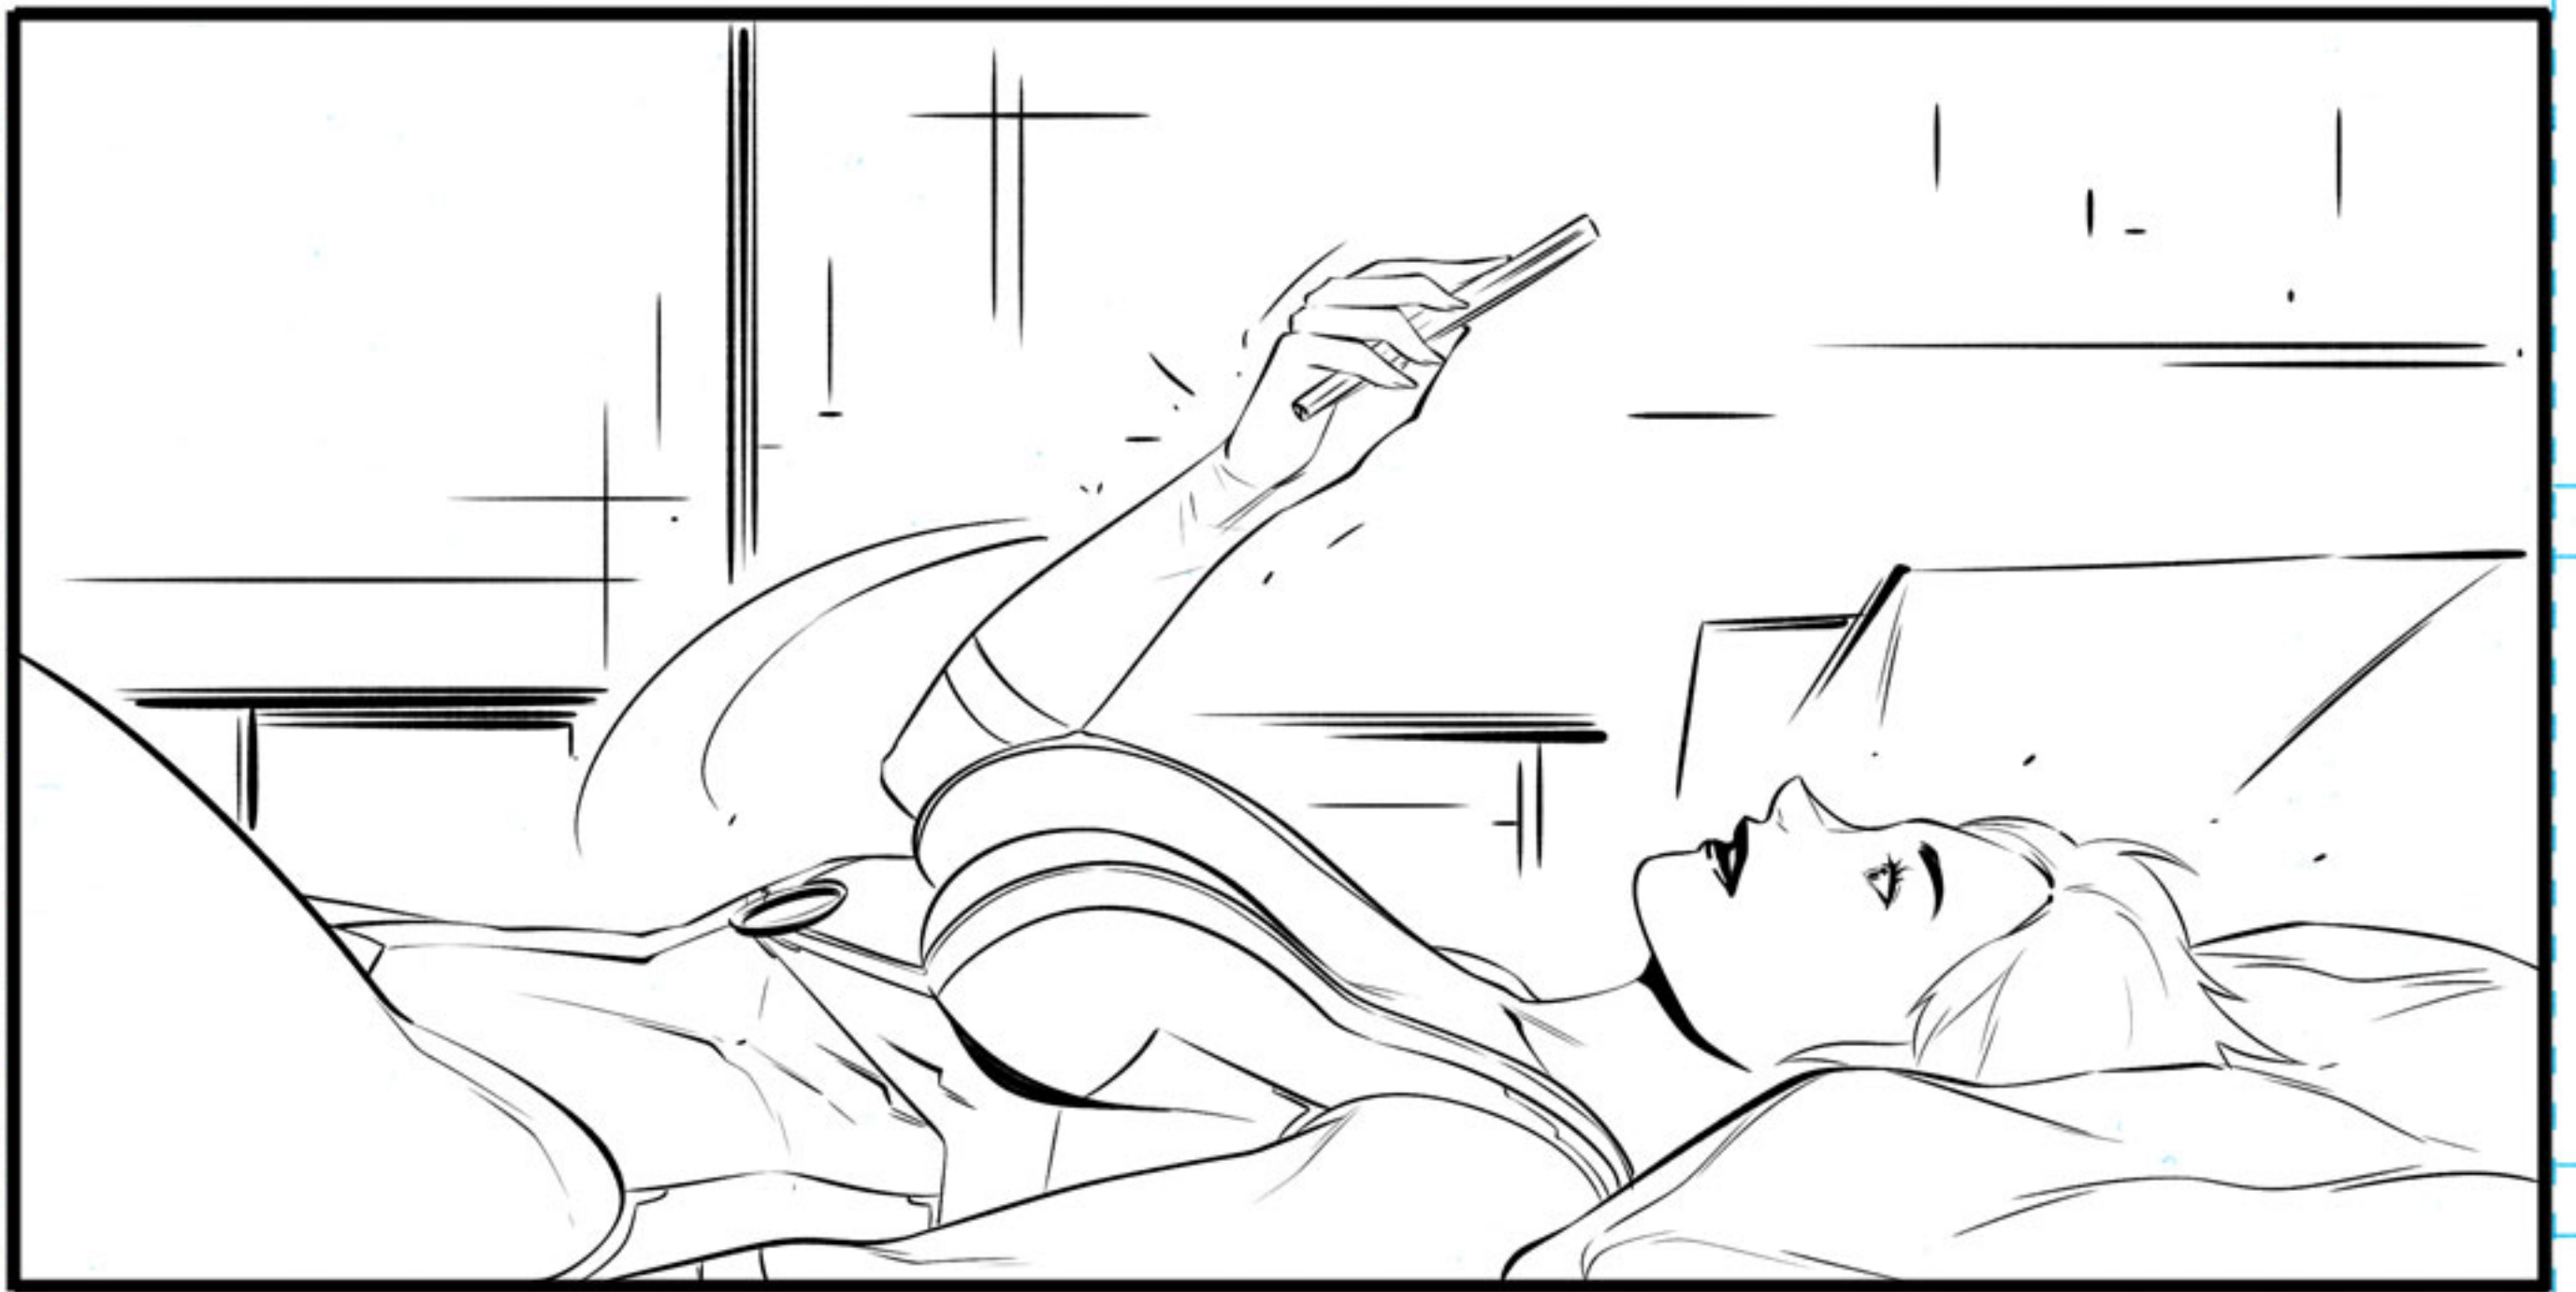

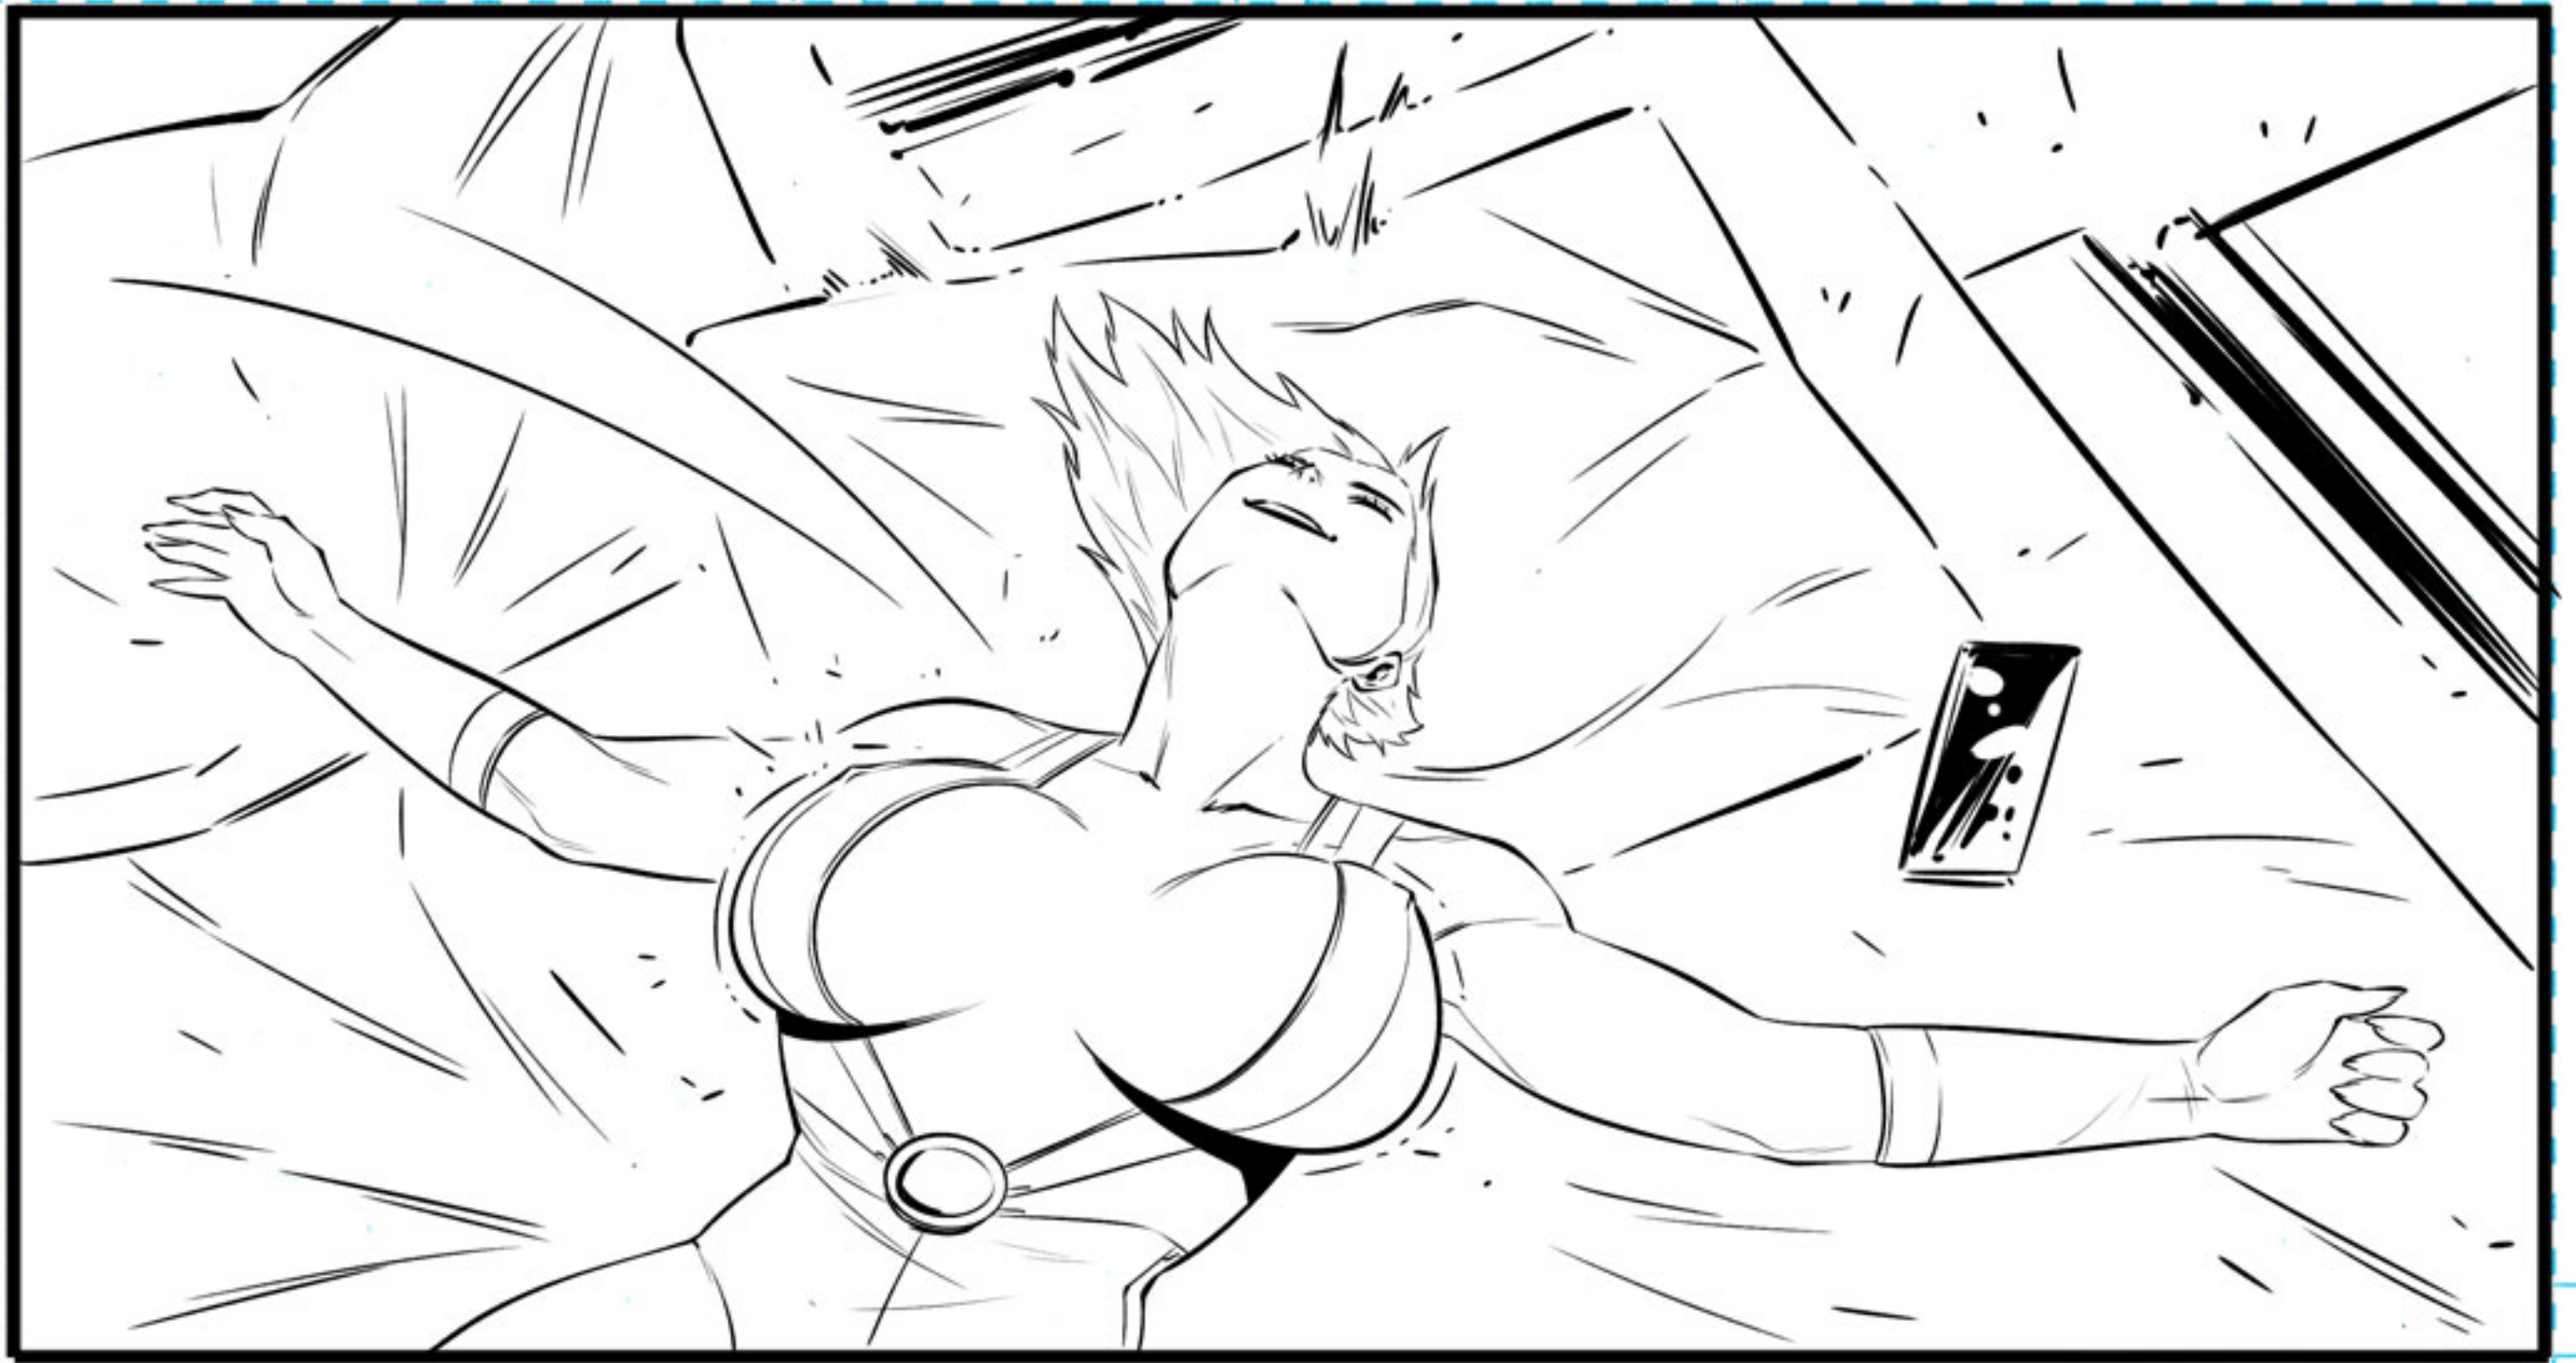

ON MY WORLD,  
WE HAD  
A NAVAL WAR,  
AND WE TOOK  
AN ENEMY CRAFT  
USING A SIMILAR  
PLAN.  
  
USO5.

WELL,  
WHEN I LOOKED INTO THE  
SPECIALIZATION OF YOUR CREW,  
I SAW WE HAD SEVERAL  
ENGINEERS AND A FEW THAT  
WERE EXPERT-CLASS  
IN DAMAGE CONTROL.

YOU REALLY  
WERE A SOLDIER.

ALRIGHT,  
WHO'S READY  
TO S.T.E.A.L. A CRUISER?
